PONTIAC
TORRENT

FEEL EMPOWERED

CHART YOUR OWN COURSE. We created the all-new Pontiac Torrent for those who believe that the journey is just getting started when you reach the point where the pavement ends. Uncommonly powerful, rugged and capable, Torrent is all about the freedom to go where you want, when you want, whether your destination is on the map or not.

At the same time, Torrent is all Pontiac. Which is to say, the experience behind the wheel goes far beyond what you might expect. Spirited performance, agile, responsive handling and a driver-focused interior all contribute to a kind of driving excitement that competitive vehicles just can't match.

The all-new Pontiac Torrent. It's time to feel empowered.

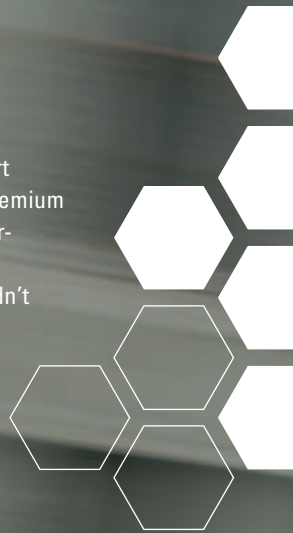

For more information about Torrent, visit our Web site at torrent.gmcanada.com

TORRENT SPORT

THE FREEDOM YOU CRAVE, THE COMFORTS YOU DESERVE. Torrent Sport delivers the rugged performance and versatility you need along with the premium amenities you want. A six-way power driver's seat, cruise control, a leather-wrapped steering wheel and a great-sounding AM/FM/CD stereo with MP3 playback capability are all standard. Who said comfort and capability couldn't go together in an affordable SUV?

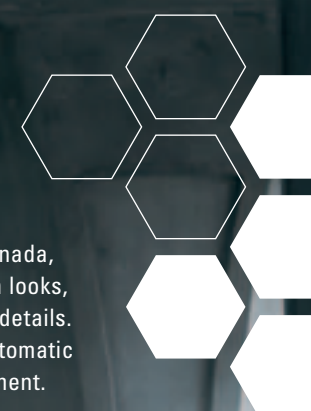

TORRENT

IT'S THE NEXT BIG THING. Engineered and built right here in Canada, Torrent is one of the largest vehicles in its class.* It's a winner on looks, too, with long clean lines, a sure-footed stance and boldly styled details. And every Torrent features a standard V6 engine, a five-speed automatic transmission and performance that sets the standard for the segment. All of which raises the question: Why make do with less?

*Based on 2005 Model Year data and the latest published competitive information available at time of printing. Excludes other GM vehicles.

COMFORT

TORRENT IS BIG ON COMPANY. Any time you feel like inviting a few friends along for the ride, Torrent will make them feel right at home. Torrent's longest-in-class 2857 mm (112.5 in.) wheelbase* makes for a very accommodating passenger compartment. Riders will find entry and exit a breeze, thanks to Torrent's sedan-like 443 mm (17.5 in.) step-in

height. Your taller friends will enjoy the innovative Multi-Flex rear seat. It adjusts backwards and forwards along a 20 cm (8 in.) track, so you can choose maximum legroom or maximum cargo space, as the situation dictates. The Multi-Flex rear seat also reclines to offer your guests an extra measure of comfort.

With the standard Multi-Flex seat at its rearmost setting, your second-row passengers will enjoy the most legroom in any vehicle in Torrent's class.**

INTERIOR FEATURES:

- Air conditioning
- Power windows and door locks
- Tilt adjustable steering column
- 6-speaker AM/FM/CD sound system
- Reclining front bucket seats
- Flat-folding front-passenger seatback
- Multi-Flex sliding/reclining rear seats
- Available leather seating surfaces.

*Based on 2005 Model Year data and the latest published competitive information available at time of printing. Excludes other GM vehicles.

**Competitive comparison based on Automotive News 2005 Sport Utility Entry-Level Sport Wagon segment and the latest information available at the time of printing. Excludes other GM vehicles.

CONTROLS

WHEN YOU'RE HERE, YOU'RE IN CHARGE. At Pontiac, we're all about vehicles that help drivers get the most out of their time behind the wheel. In Torrent, that means a driving environment dedicated to keeping you firmly in control.

A tilt adjustable steering wheel with indentations for your hands is part of the mix. So is a full array of cleanly styled analogue gauges, with soft red backlighting for easy nighttime viewing.

Other aspects of the Torrent driving environment show off our designers' extraordinary attention to detail. Take the switches, for example. They're designed to operate with a consistent, positive feel. Not only does that create a sense of impressive quality, it also encourages intuitive use, so you can make most adjustments without taking your eyes off the road. Now that's control.

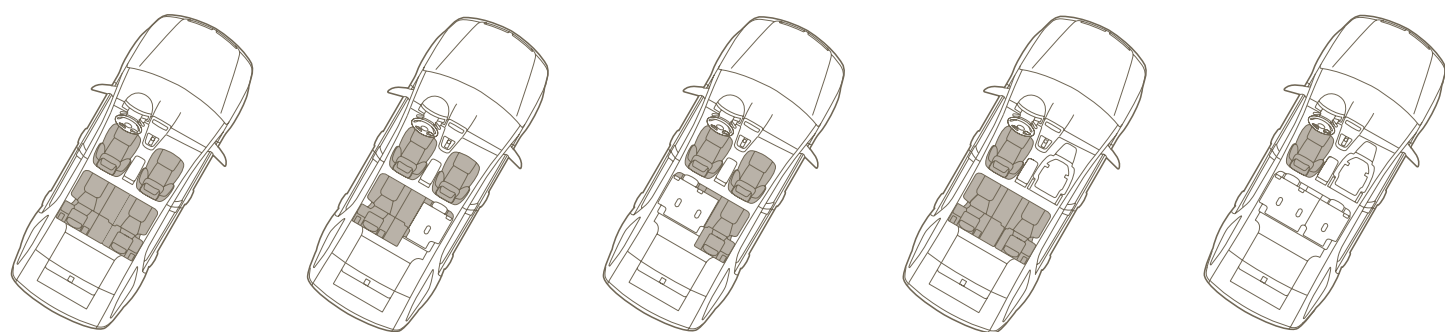

Torrent's large, round analogue gauges are perfectly placed for quick, easy reading when you're on the move.

Large knobs make the Torrent climate control system a snap to adjust, even when you're wearing gloves.

Torrent's flat-folding rear and front passenger seatbacks make it a breeze to reconfigure the interior for almost any combination of passengers and cargo. The hard back of the flat-folding front-passenger seat can also double as a handy work table.

VERSATILITY

IS THERE ANYTHING TORRENT CAN'T DO? Camping, climbing, skiing, kayaking, biking: no matter how you slice it, they all take a lot of gear. That's why we designed the multi-talented Torrent with all the cargo-carrying versatility your active lifestyle demands. The 60/40 divided Multi-Flex rear seat and the front-passenger seat both fold forward, allowing you to carry objects up to 2.7 m (9 ft.) long in the security of the interior. With the rear seatbacks folded, Torrent can handle up to 1900 L (67.1 cu. ft.) of cargo. Need even more? Properly equipped, Torrent can tow up to

1588 kg (3500 lb.) – unsurpassed by any other vehicle in its class.* It also features standard tubular roof rails that make it easy to attach racks for bikes, snowboards, etc. We even designed Torrent to help you keep the small stuff in its place. There are pockets on the instrument panel and doors, a compartment under the steering wheel for sunglasses and a host of other storage options. Bottom line: whatever you're into, Torrent has the versatility to handle it.

*Based on 2005 Model Year data and the latest published competitive information available at time of printing. Excludes other GM vehicles.

The available rear cargo area panel system includes a 2-sided, height-adjustable cargo shelf that doubles as a security cover. You can use it as a table at tailgate parties, too.

The standard centre floor console includes a padded armrest, hidden storage compartments for cellphones and laptops, a CD holder, a removable coin holder and no fewer than 5 cupholders.

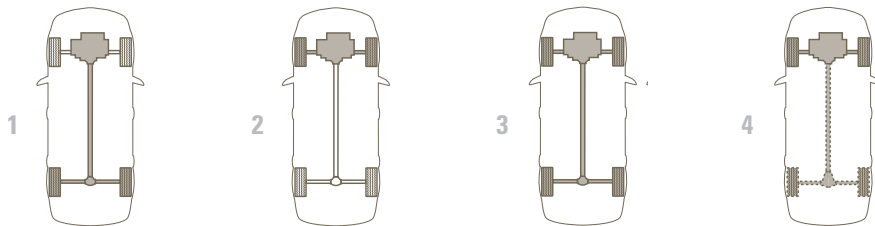

PERFORMANCE

WRITE YOUR OWN RULE BOOK. With standard V6 power in a segment dominated by four-cylinder engines, Torrent lets you do things that drivers of most competitive vehicles can't. Like accelerate from 0 – 96 km/h (60 mph) in less than 8.5 seconds – excellent performance for a vehicle in this class.

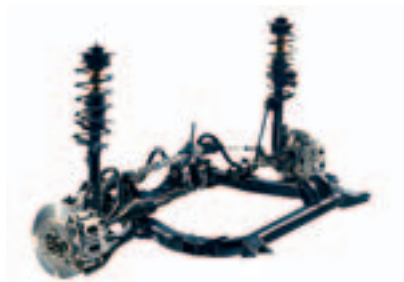

We engineered Torrent to be a pleasure to drive twelve months a year. Its rigid body-frame integral architecture, sport-tuned fully independent suspension and electric power steering all contribute to a kind of handling agility that few SUVs can match.

Of course, we also made sure that Torrent has what it takes to keep you on the move even when the weather has other drivers stuck indoors. There's a choice of front-wheel drive (FWD) and all-wheel-drive (AWD) powertrains, and every Torrent comes equipped with large all-season tires and a ground clearance of 201 mm (7.9 in.).

Think of it this way. For Torrent drivers, bad weather is overruled.

1. **REAR-WHEEL DRIVE (RWD)** Business as usual for many decades. A front-mounted engine delivers power to the rear wheels via a driveshaft and differential. RWD is still the conventional arrangement for trucks – and for truck-based SUVs – as well as for pure performance vehicles.
2. **FRONT-WHEEL DRIVE (FWD)** A common configuration for passenger cars, in which an engine in the front sends power to the front wheels. The engine's weight over the driving wheels enhances traction and steering in slippery conditions.
3. **4-WHEEL DRIVE (4WD)** The standard set-up for heavy-duty off-roading, in which a front-mounted engine sends power to all four wheels. 4WD usually requires the driver to shift between rear-wheel drive for dry pavements – to avoid excessive tire wear – and 4WD for off-road use or other low-traction situations.
4. **ALL-WHEEL DRIVE (AWD)** Power is distributed – as needed – to both the front and rear wheels. In Torrent AWD models, power goes to the front wheels until poor traction triggers the system to divert power to the rear wheels. Operation is completely automatic and no driver intervention is required.

A MacPherson strut independent front suspension and a power rack-and-pinion steering system contribute to Torrent's nimble handling.

At the rear, Torrent is equipped with a sophisticated 4-link independent suspension that delivers a comfortable ride and excellent wheel control.

PROTECTION

A STUDY IN SAFETY. We designed Torrent with excellent visibility, ergonomic controls and agile handling, all to help keep you in control. We also engineered it to provide serious protection for those times when a situation can't be avoided. In fact, Torrent was awarded five-star ★★★★★ ratings by the U.S. National Highway Transportation Safety Agency (NHTSA) for its performance in both frontal and side-impact crashes.*

SAFETY CAGE CONSTRUCTION

A sturdy steel safety cage structure surrounds the Torrent passenger compartment. It's engineered to maintain the integrity of the cabin in an impact.

HIGH-STRENGTH STEEL

For excellent crashworthiness, a full 90 percent of Torrent's body structure is fabricated from high-strength steel.

DUAL-STAGE AIR BAGS

Torrent's dual-stage frontal air bags deploy with lower force in lower-speed frontal collisions, which helps reduce the risk of injury.**

HEAD CURTAIN AIR BAGS

In a side impact, Torrent's available roof-mounted head curtain air bags help to protect the heads of occupants of the outboard front and rear seats.**

X-SHAPED DOOR BRACES

Reinforcement beams inside Torrent's doors are welded together to create a rigid X-shaped brace that helps resist intrusion in a side impact.

SAFETY BELT PRE-TENSIONERS

Torrent's front safety belts are fitted with pre-tensioners which sense when an impact is taking place and automatically pull the belts tighter.

LATCH SYSTEM

Each of Torrent's three rear seating positions features the LATCH system, which makes it easier to ensure that child seats are safely secured.

UNDERBODY RAILS

Main underbody rails run continuously from bumper to bumper, providing exceptional strength in collisions at the front and rear of the vehicle.

*The Pontiac Torrent received a 5-Star rating for the driver and front passenger in the frontal crash test and for front and rear seating positions in the side-impact crash test. U.S. government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (NCAP).

**A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even in vehicles with air bags. Children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. Refer to the vehicle Owner's Manual and child safety seat instructions for more information.

Pontiac is all about vehicles that connect you to the pure joy of driving. OnStar adds another kind of connection – one that can enhance your sense of peace of mind. All it takes is a single push on the blue OnStar button usually located on the interior rear-view mirror, in the overhead console, or near the radio display to connect you with one of our specially trained OnStar Advisors. They are standing by, ready to provide support 24 hours a day, 365 days a year*.

What can OnStar Advisors do for you? They can provide a wealth of information and perform a variety of services, including a remote diagnostic check of your vehicle's engine and electrical components. In an emergency, an Advisor will attempt to locate your vehicle, find out what assistance you need, and notify nearby emergency service providers. And if air bags are deployed in your vehicle, an Advisor will contact you to determine if you are in need of assistance.

Another convenient feature is OnStar Hands-Free Calling, a hands-free, voice-activated wireless technology integrated into your vehicle. It's there in case your hand-held phone is lost, forgotten or has a low battery. Even better, there are no additional monthly fees, or additional long distance and roaming charges. And as a new customer, you will receive 30 complimentary minutes good for two months after activation.

Now you can enjoy the peace of mind that comes with knowing you're doing all you can to help keep you, your family, and your vehicle safe. Just ask the almost 150,000 people who have become OnStar subscribers in Canada. How hard does OnStar work for you? The facts speak for themselves: every month in Canada OnStar Advisors handle an average of 9100 routing calls, 2500 emergency calls, 2600 door unlocks, and 625 Roadside Assistance dispatches.

OnStar offers two different service plans, allowing you to select the services that are most convenient for you. The Safe & Sound Plan is available on all Torrent models. In addition, the available Directions & Connections Plan offers all of the safety and security services included in the Safe & Sound Plan, plus you'll have access to driving directions and information and convenience services and RideAssist. See your dealer for more information on plans and services.

*OnStar services require vehicle electrical system (including battery), wireless service, and GPS satellite signals to be available and operating for features to function properly. Not all OnStar features are available on all vehicles. OnStar Hands-Free Calling requires a Hands-Free enabled vehicle, existing OnStar service contract, and prepaid calling minutes, and is not available in Alaska and some other markets. Calls may be made to the U.S. and Canada only. OnStar voice recognition system may not work with some voices. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Due to the transition of the wireless industry from analogue to digital technology, as of January 1, 2008, OnStar plans to offer service only through equipment that operates on the digital network, which may require the purchase of a system upgrade for eligible vehicles. Call 1.888.4.ONSTAR (1.888.466.7827), TTY 1.877.248.2080 or visit onstar.ca for OnStar's Terms & Conditions, Privacy Policy, and system limitations and details.

A STORY ONLY GENERAL MOTORS CAN TELL.

General Motors' commitment to setting the highest standards in quality, safety, innovation, and fuel efficiency are matched by an equally strong commitment to the community.

DID YOU KNOW?

QUALITY: GM plants swept the J.D. Power Initial Quality StudySM rankings for North and South America: Gold and Silver Plant Quality Awards for the Canadian Oshawa #2 and #1 car plants, in addition to the Bronze Plant Quality Award for the Hamtramck, Michigan plant.

SAFETY: General Motors is the only automotive manufacturer committed to offering a full range of cars, trucks, and SUVs that provide safety protection before, during and after a collision. GM vehicles are equipped with a range of features and technologies that help drivers avoid collisions, reduce the risk of injury should a collision prove unavoidable, and help you get the assistance you need after a collision.

INNOVATION: GM is at the forefront of automotive technology with breakthrough features such as OnStar and XM Satellite Radio.

FUEL EFFICIENCY: GM offers more cars than any other automaker in Canada that get better than 7.0 L/100 km in highway driving. GM has also won more EnerGuide fuel-efficiency awards than any other car company.

GM IS COMMITTED TO CANADA.

INVESTMENT: GM invests more in Canada than any other car company: The \$2.5 billion Beacon Project represents the largest automotive investment in Canadian history.

EMPLOYMENT: GM directly employs over 20,000 people in Canada – more than any other car company.

DESIGN: GM is the only car company that designs, engineers and builds cars in Canada.

GM IS BEHIND YOU AND YOUR VEHICLE

GM is equally comprehensive in the way it backs its Pontiac vehicles. All Pontiac models include:

- 3-year/60,000 km** complete vehicle repair coverage
- 6-year/160,000 km** corrosion perforation coverage
- 8-year/130,000 km** coverage on catalytic converters and powertrain control modules (PCMs)
- 3-year/60,000 km** 24-hour Roadside Assistance.

*General Motors Corporation – Oshawa #2 (Ontario – Car) was the highest ranked plant, Oshawa #1 (Ontario) was the second ranked plant and Hamtramck, MI was the third ranked plant in North/South America among plants producing vehicles for the U.S. market in J.D. Power and Associates 2005 U.S. Initial Quality StudySM. Study based on a total of 62,251 U.S. consumer responses indicating owner reported problems during the first 90 days of ownership.

NOW FOR MORE CHOICES

DRESS IT TO THE NINES. Take your new Torrent's style, performance and versatility to an even higher level with genuine GM Accessories. GM Accessories are the only accessories that are integrated into the process of designing your vehicle, ensuring excellent fit, finish and functionality. And only GM Accessories are backed by GM's 3-year/60,000 km New Vehicle Limited Warranty.* They can also be included in your new-vehicle lease or finance agreement through GMAC. Ask your dealer for a complete list of the GM Accessories available for your Torrent. Or visit gmcanada.com

Genuine GM Accessories for Torrent include:

- Ventvisors
- Roof-mounted soft luggage carrier
- Hitch-mounted carrier
- Floor mats
- 17-in. wheels
- Splash guards
- Tubular side steps
- Doorsill.

*Whichever comes first, when permanently installed by the dealer at the time you purchase or lease your new vehicle.

TOWING

3.4L 3400 V6 2.70 final drive ratio/1588 kg (3500 lb.) maximum gross trailer weight**

**When properly equipped, includes weight of trailer, cargo, driver and equipment. All towing recommendations are subject to change. Trailer tongue load should be 10% of the maximum trailer weight but should not exceed the load rating specified for that vehicle, engine or hitch combination. See your dealer or refer to the Torrent Owner's Manual for details.

COMMITMENT:

Expect nothing less than a 100% commitment. You can feel confident that you're choosing a real driver's car – if it bears the Pontiac name. You can also count on your Torrent to exceed your expectations, not just in the way it handles on the road, but also through a comprehensive series of support programs. Some make it easier to purchase or lease a Pontiac Torrent. Others help protect you and your vehicle down the road. A powerful example of the level of protection you can expect is the GM TOTAL™ Warranty. It's so thorough it covers your vehicle – from the roof right down to the tires. So when you drive off the lot of your Pontiac dealership, you can do so with total confidence. Peace of mind is knowing that your vehicle is built for the long haul, and is backed by a comprehensive warranty.

THE GM TOTAL™ WARRANTY:†

The GM TOTAL™ Warranty is your promise of total warranty protection. It covers every new Pontiac Torrent for 3 years or 60,000 km.* Complete vehicle repairs are covered,** including parts and labour, with no deductible. The warranty includes:

- 3-year/60,000 km* complete vehicle repair coverage
- 6-year/160,000 km* corrosion perforation coverage
- 8-year/130,000 km* coverage on catalytic converters and powertrain control modules (PCMs).

*Whichever comes first.

**To correct any defects in material or workmanship occurring during the warranty period. Regular maintenance is not included, nor is excessive wear and tear caused by reckless or negligent driving.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:†

- **Roadside Assistance** – 24/7 service via toll-free number during your warranty period, anywhere in Canada or the United States
- **Courtesy Transportation** – may be offered during the warranty period
- **GM Protection Plan (GMPP)** – the only extended services contract backed by the resources and commitment of General Motors; GMPP may be purchased at the time of your sale or lease, or subsequently
- **GM Mobility Program** – you may be eligible for reimbursement of up to \$1000 (taxes included) for adaptive equipment for your GM vehicle
- **GM Accessories** – personalize your vehicle with GM Accessories, specifically engineered for your new GM vehicle
- **GM Goodwrench Service** – with GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.

TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- **GMAC Financing** – on the spot financing at your GM dealership[†]
- **GMAC SMARTLEASE** – a smart alternative to traditional financing[†]
- **GM Student Bonus Program** – GM will cover the first two purchase finance or lease payments and the lease security deposit on eligible new GM vehicles for students and recent graduates of high school, college or university.[†]
- **The GM Card** – eligible cardholders may be able to redeem up to \$3500 on GM Card® Earnings toward the total purchase price or lease down payment on selected vehicles. For more information on The GM Card please call 1-800-461-3279.[†]

INFORMATION RESOURCES:

You can find more information about these programs from your GM dealer, or at these information centres:

- The GM Web site at gmcanada.com
- The GM Customer Communication Marketing Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users) – for information about any GM product or service, including The GM Card and the GM Mobility Program
- For information about GMAC visit gmcanada.com or call 1-800-616-4622.

[†]Conditions and limitations apply.

^{††}Subject to eligibility.

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your Pontiac dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

PRIVACY STATEMENT

At General Motors of Canada Limited ("GM Canada") we respect your privacy and value our relationship with you. Your personal information will be protected, will never be sold, and will be used only by GM Canada, our affiliates, dealers/retailers, and service suppliers (only to provide services). If you wish to be removed from GM Canada marketing communications; would like to limit only certain marketing communications from us; would like a listing of our specific uses or further information about those with whom your information is shared; or for further information about our Privacy Policy and practices, please contact us at 1-800-GM-DRIVE (1-800-463-7483) or through our Web site at gmcanada.com

A WORD ABOUT ASSEMBLY

Pontiacs are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in Pontiacs. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

TRADEMARKS

The marks appearing in this Pontiac Torrent brochure including, but not limited to: General Motors, GM, the GM emblem, the GM Canada Web site address, the GM Accessories logo, Pontiac, the Pontiac emblem, G6, Grand Prix, Montana SV6, Pursuit, Solstice, Torrent, Vibe, Wave, and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as Delco, Multi-Flex, PASSLock, SMARTLEASE, Solar-Ray and TOTAL Warranty are trademarks of General Motors Corporation and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.
