## BONNEVILLE OCCUPANT PROTECTION AND CRASH AVOIDANCE FEATURES

To help contribute to driving safety, the following are some features included in the Bonneville line:

### OCCUPANT PROTECTION

- Manual lap/shoulder safety belts for all outboard positions.
- Driver and front passenger air bags.
- Side air bags.
- Catcher's mitt™-style seats.
- Self-aligning headrests.
- Rear-seat child safety seat anchors.
- Manual lap safety belts, center seating positions.
- Illuminated entry.
- Energy-absorbing steering column.
- Energy-absorbing instrument panel.
- Folding front seatback locks, inertia type.
- Safety armrests.
- Breakaway inside rearview mirror.
- Security door locks and door retention components.
- Laminated windshield glass, bonded.
- Head restraints, adjustable, front.
- Passenger-guard inside door lock handles.
- Side door beams.

### A NOTE ON CHILD SAFETY

Children generally are safer if they are secured in a rear seat using the appropriate child safety seats and restraints, which is why General Motors recommends that child safety seats be properly secured in a vehicle's rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See your vehicle Owner's Manual and child safety seat instructions for more information. Pontiac supports the National SAFE KIDS Campaign,® a grass-roots program dedicated to promoting child passenger safety.

### CRASH AVOIDANCE

- Anti-lock braking system, four-wheel.
- Brake/transmission shift interlock.
- Automatic daytime running lamps.
- Side marker lamps.

- Parking lamps.
- Four-way hazard warning flashers.
- Backup lamps.
- Directional signal control.
- Windshield defroster, washer and multi-speed wipers.
- Inside day/night rearview mirror.
- Outside rearview mirrors.
- Center high-mounted stop lamp.
- Brake system with dual master cylinder plus warning light.
- Starter safety switch.
- Low-glare finish — inside windshield moldings, wiper arms and blades, metallic steering wheel surfaces, inside rearview mirror frame and bracket.
- Dual-action hood latch (front opening).
- Illuminated heater and defroster controls.
- Tires with built-in tread wear indicators.
- Tire pressure monitor.
- LED center high-mounted stop lamp.

### THEFT DETERRENCE

- Visible vehicle identification number.
- Laser-etched VIN plate.
- Theft-deterrent steering column lock.
- Theft-deterrent key locking system.
- PASS-Key II theft-deterrent system.
- Remote inside hood release.

With this innovative service, an OnStar Advisor is available to contact emergency help, provide directions to the nearest ATM, hotel, restaurant and much more. Even in an accident, where the air bags deploy, OnStar will automatically send a call for help with your Bonneville's exact location to the OnStar Center, where trained Advisors will immediately contact emergency services. And, in the event of theft, OnStar will track your Bonneville and help guide authorities to its location. If you lock your keys in your Bonneville, an OnStar Advisor will send a signal to unlock your vehicle, even from 1000 miles away. OnStar is always there to help — day or night.

## AND NOW, A WORD ABOUT...

### THIS CATALOG:

We've tried to make this catalog comprehensive and factual. We must reserve the right, however, to make changes at any time, without notice, in the information contained in this catalog. Since some information may have been updated since the time of printing, please check with your Pontiac dealer for complete details. Pontiac reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

### ENGINES:

Bonneville models are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

### UPDATED SERVICE INFORMATION:

Pontiac regularly sends its dealers useful service bulletins about Pontiac products. Pontiac monitors product performance in this field. We then prepare bulletins for servicing our products better. Now you can get these bulletins too. Ask your dealer. To get ordering information, call toll-free 1-800-551-4123.

### THE ASSEMBLY OF BONNEVILLE:

Bonneville and its components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Bonneville's with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

### WARRANTY PROTECTION:

Bonneville's 3-year/36,000-mile (whichever comes first) no-deductible bumper-to-bumper limited warranty covers repairs, including labor and parts, to correct any defects in material or workmanship occurring during the warranty period. The complete vehicle is covered, except for adjustments and normal maintenance.

### CORROSION PROTECTION:

Bonneville is designed and built to resist corrosion. All body and sheet metal components are warranted against rust-through corrosion for 6 years or 100,000 miles, whichever comes first. Application of additional rust-inhibiting materials is not required under the corrosion coverage and none is recommended. See your Pontiac dealer for terms of these limited warranties.
