

Saturn OUTLOOK XR in White DiamondTricoat (extra-cost color, limited availability).

2008 Saturn OUTLOOK™ Crossover

Rethink big. Who says big and smart can't coexist? The Saturn OUTLOOK FWD offers the best highway gas mileage of any eight-passenger SUV* — an EPA estimated 24 MPG. Eight adults sit in luxury, enjoying ample leg- and headroom. The Smart Slide feature makes it easier for passengers to get to the third row. And with head-curtain side-impact air bags† and advanced rollover protection, the OUTLOOK is pretty big on safety as well.

*Based on OUTLOOK FWD and latest available competitive information. Excludes other GM vehicles. †Always use safety belts and the correct child restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See the Owner's Manual and child safety seat instructions for more safety information.
