# Rediscover the Emotion of Motion.

All children instinctively know it. A few adults still remember it. One unique car company refuses to outgrow it. In grown-up language, it means the exhilaration and liberation that come from experiencing sheer motion. But as usual, children put it much better. And simply call it "zoom-zoom". We practice it every day. It's why we build the kind of cars we do. And why you'll find the soul of a sports car engineered into everything we make... including the innovative Mazda6 family, an ingenious trio of vehicles designed to expand your definition of a sports sedan.

Mazda6 sedan, Mazda6 Sport hatchback and Mazda6 Sport Wagon are about so much more than just room and practicality. Treat yourself to the Mazda Test-Drive Experience, and you'll soon discover the responsive acceleration and steering, superb braking and surefooted handling that bring this family of family cars to a whole new level of performance.

Engineered on the  
pleasure principle.

Everything about Mazda6 sedan is pleasing. Which is why it has earned a special place in the hearts of drivers and critics alike. To date, this overachiever has garnered more than 100 awards and countless accolades from the automotive press. It's no mystery why. Just one look at the Mazda6's fresh styling and taut, athletic profile will set the pulse quickening – as will either of its advanced, free-revving all-aluminum engines. And with a sophisticated, four-wheel independent suspension, Mazda6 delivers equally compelling handling. One drive and you'll see. The pleasure will be all yours.

# All systems go.

Besides a mutual dedication to driving pleasure, the Mazda6 trio shares a dazzling array of advanced engineering features. Starting with a potent 212-hp V6, or a spirited 156-hp four-cylinder – each featuring all-aluminum construction and variable-valve timing to maximize low-end torque and high-rpm power. A double-wishbone front suspension and multi-link rear suspension provide confident, surefooted handling. At all four wheels are power-assisted disc brakes that promote linear, fade-resistant stops. And up front, speed-sensing, power-assisted rack-and-pinion steering offers precise control and excellent on-centre feel. All of which explain why every Mazda6 delivers all-around exhilaration behind the wheel.

**A. & B.** GET IT IN GEAR. A slick-shifting, 5-speed close-ratio manual gearbox is standard on all Mazda6 models. For the ultimate combination of convenience and fun, a 5-speed *Sport* mode automatic is available on the I4 model, and a 6-speed *Sport* mode automatic is available on the V6 model. **C.** STOP CONFIDENTLY. Every Mazda6 comes with power-assisted, four-wheel disc brakes and an Anti-lock Brake System (ABS) with Electronic Brake Force Distribution (EBFD).

Put everything into it.  
Including your heart.

Traditionally, there's been a distinct disconnect between the words "Wagon" and "Performance." No more. Meet the Mazda6 Sport Wagon – a thoroughly refreshing approach to performance with practicality. Satisfying the first half of that equation is a 212-hp V6 mated with a 5-speed close-ratio stick, or an available 6-speed **Sport** mode automatic transmission, plus a fully independent, sport-tuned suspension. Completing it, is a cargo bay that's downright cavernous. All in all, this vehicle is an ideal blend of fun and function – which is why it was named Best New Station Wagon in 2005 by AJAC. That's what happens when a practical wagon dares to think outside the box.

# Fill and be fulfilled.

Go ahead and bring however much your active life requires – Mazda6 Sport Wagon can handle it, and in style. With a sporty silhouette, power to match and up to 1,712 L of flexible cargo space, it offers up all the versatility of SUVs and minivans without the compromises. Mazda6 Sport Wagon delivers style, performance and practicality in one fun-to-drive vehicle. And if that's not brilliant packaging, what is?

*Mazda6 Sport Wagon shown with accessory roof rack and bike attachment.*

**A. CARGO CONTROL.** To help keep cargo and pets safely in place, Mazda6 Sport Wagon comes with a dual-position cargo-area net that's retractable and removable. To help protect valuables, a retractable and removable cargo-area cover is also standard.

**B. LOADED WITH FUN.** The 60/40-split fold-down rear seatback makes it easy to transport your passengers and their gear.

# And now for the Sport highlights.

Named the 2005 Best New Family Car by AJAC, Mazda6 Sport hatchback offers an ingenious blend of fun and functionality beneath its sporty profile. In back, 1,662 L of versatile cargo space await your luggage, sports gear, a week's groceries or even that new home theatre system. While up front, the Sport hatchback proudly displays its performance credentials. An advanced multi-valve engine and quick-shifting, 5-speed manual transmission deliver pulse-quickening performance. And the pure sport appeal of traction control and a leather-wrapped steering wheel never let you forget you're in a Mazda.

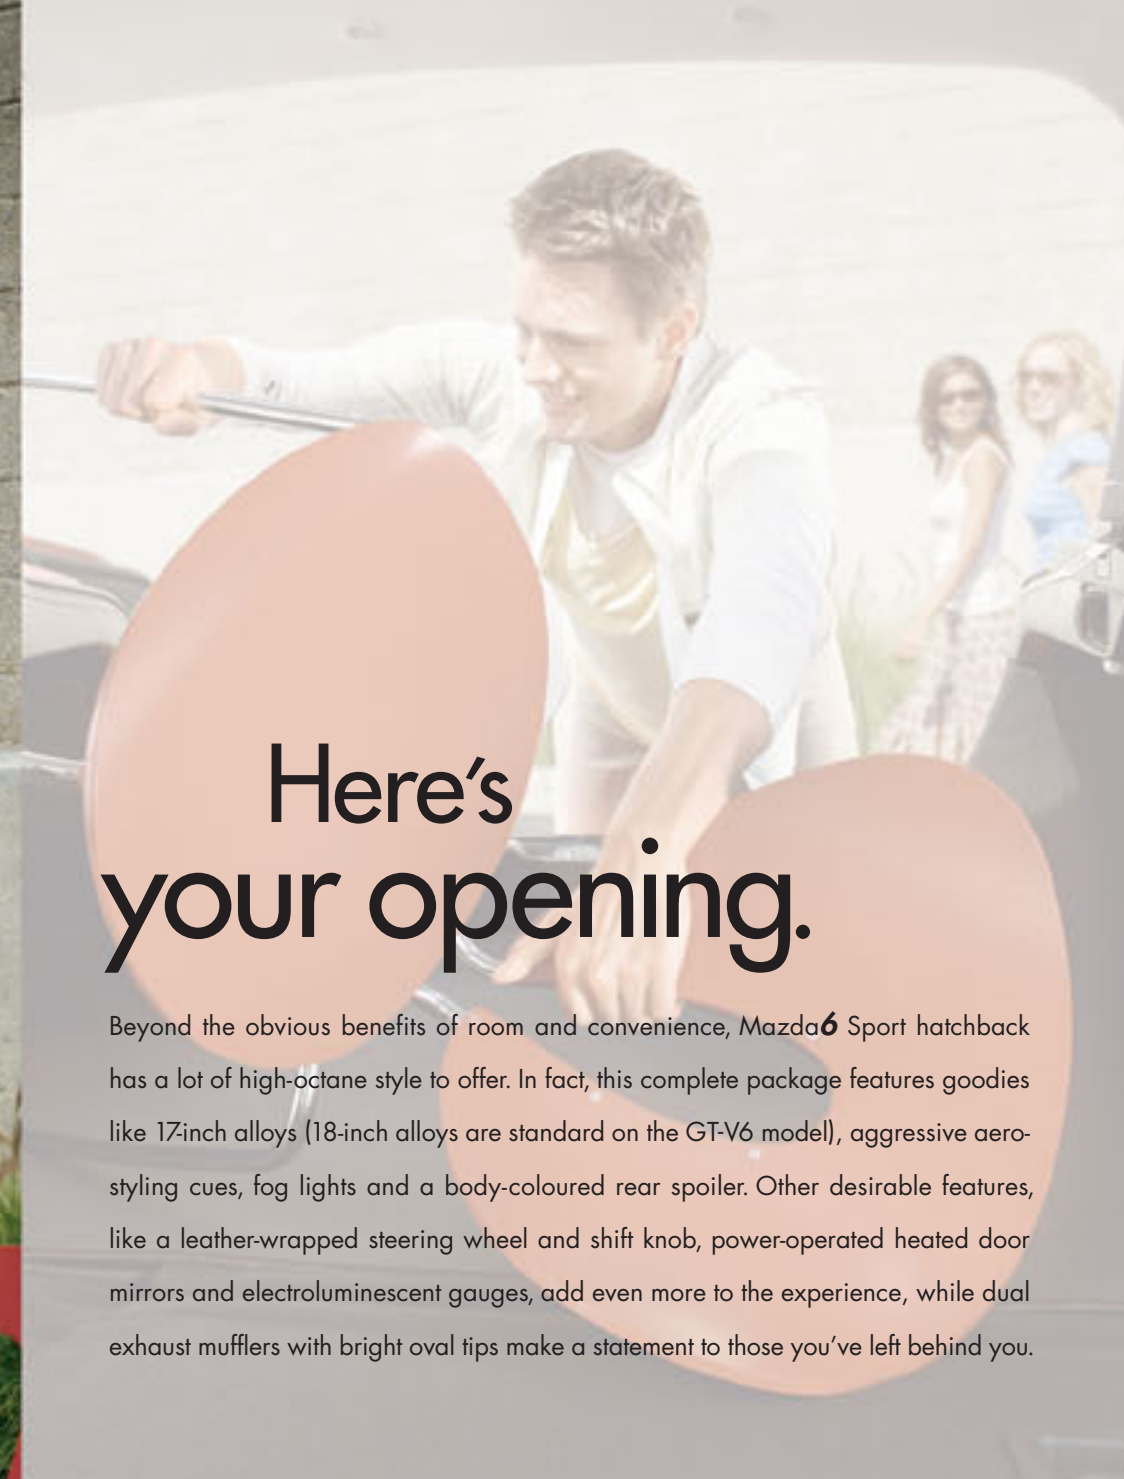

Few creatures  
have so many comforts.

## Here's your opening.

Beyond the obvious benefits of room and convenience, Mazda6 Sport hatchback has a lot of high-octane style to offer. In fact, this complete package features goodies like 17-inch alloys (18-inch alloys are standard on the GT-V6 model), aggressive aerostyling cues, fog lights and a body-coloured rear spoiler. Other desirable features, like a leather-wrapped steering wheel and shift knob, power-operated heated door mirrors and electroluminescent gauges, add even more to the experience, while dual exhaust mufflers with bright oval tips make a statement to those you've left behind you.

**A. PRIME MOVER.** Mazda6 Sport hatchback provides seating for five adults plus a substantial 626 L of cargo\* space with its 60/40-split fold-down rear seatback in the upright position. **B. ON THE LEVEL.** All Mazda6 models feature a hassle-free "automatic fold-flat" mechanism that lets you create a virtually flat load floor without removing any headrests. **C. USE YOUR LEVERAGE.** To automatically "fold-flat" the 60/40-split fold-down rear seatback or move the rear seat-bottom forward, simply pull the two remote-control levers inside the liftgate.

\*Please remember to properly secure all cargo. We recommend use of the accessory cargo net.

# Congratulations. You're engaged.

With a cockpit designed to excite and involve, the relationship between car and driver has never been stronger. For instance, a supportive, height-adjustable driver's seat keeps you relaxed and invigorated, while steering-wheel-mounted audio and cruise controls (on most models) keep your eyes on the road. The easy-to-read instrument cluster is ideally positioned and available with electro-luminescent gauges (on most models). And the illuminated console screen – a model of multi-tasking efficiency – displays time, audio settings, climate control status and outside temperature. Other thoughtful touches include available leather-wrapped steering wheel, gearshift knob and parking-brake handle, as well as keyless entry with retractable key and remote front window down function. All to keep you deeply connected with the road, and your Mazda6.

A.

B.

C.

D.

**A. & B.** AT YOUR FINGERTIPS. Mazda6's steering wheel not only tilts and telescopes for a more comfortable driving position and better vehicle control, it features illuminated controls for both the audio- and cruise-control systems so you can keep both hands on the wheel (standard on most models). **C. & D.** A PLACE FOR EVERYTHING. Both front and rear passengers can enjoy the convenience of clever storage spaces within the armrests. The front compartment is ideal for personal electronic devices, while the back can accommodate similar items or beverages.

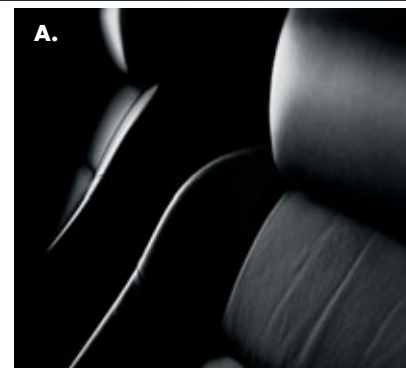

# Well dressed, down to the last button.

Throughout the Mazda6 cabin, meticulous attention to detail is reflected virtually everywhere you look. From richly textured seating surfaces and ergonomically inviting controls to titanium-tone interior trim, careful craftsmanship shines through. Even minor features such as the glovebox door are damped for smoother, quieter operation. Equal diligence is lavished on Mazda6's fit and finish; for example, a uniform gap of precisely 1.5 mm is all that separates a Mazda6 headlamp from the edge of the bumper. And to help eliminate annoying rattles and squeaks, Mazda6 utilizes a one-piece instrument panel and command-centre assembly. After all, outstanding quality and an exhilarating ownership experience go hand in hand.

**A. LAP OF LUXURY.** In addition to the richly embossed, leather-trimmed upholstery of your GT model, you'll enjoy the comfort of heated front seats. **B. SEE AND BE SEEN.** With their intense white light, Xenon (HID) headlights offer exceptional illumination. Standard on the sedan GT-V6, the Sport hatchback GT and the Sport Wagon GT. **C. GO PLACES.** The navigation system pinpoints your location and provides directions to your next destination. Equipped with a DVD database, it also finds ATMs, gas stations, points of interest and more. Optional on GT-V6 models. **D. NOW YOU'RE SET.** Enter your desired temperature on the automatic climate-control system, then select your favourite music on the powerful Bose® audio system with 6-disc, in-dash CD changer. GT models only.

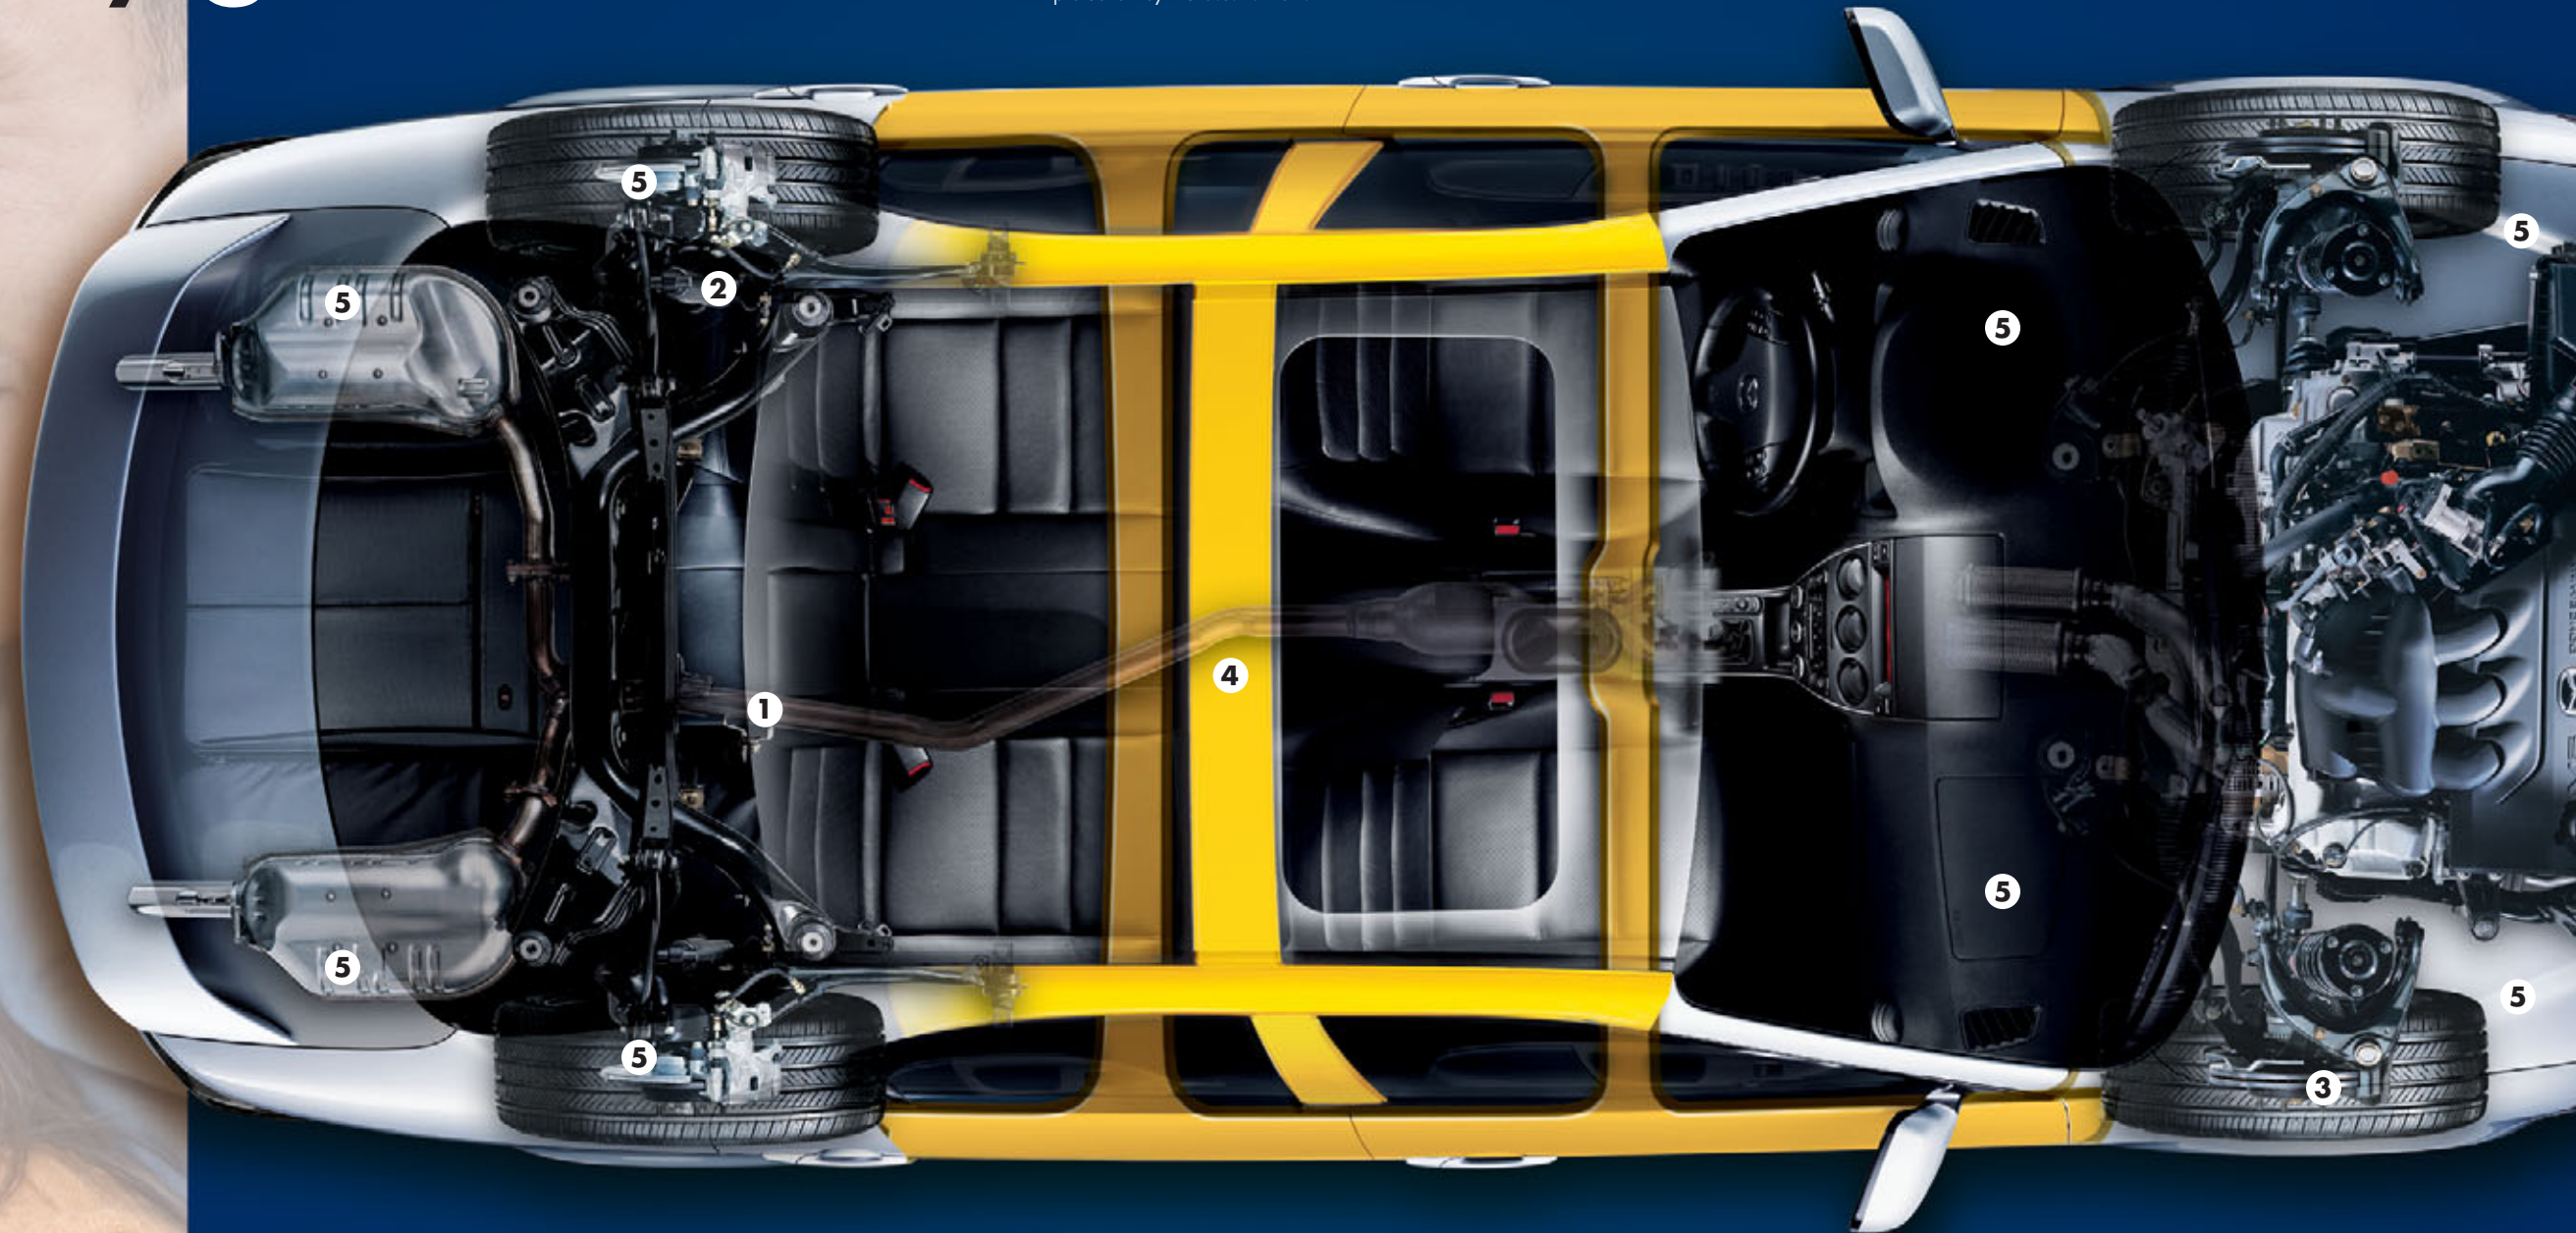

# Your bodyguard.

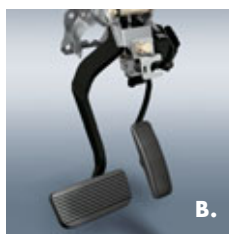

Within every Mazda6 you'll find inspired engineering that enhances the driving experience through significant occupant protection and peace-of-mind. On all trim levels, for example, Mazda6's four-wheel independent suspension, Anti-lock Brake System (ABS) with EBF and Traction Control System (TCS) help promote stable handling in emergency situations. And in frontal crash tests for driver and front-seat passenger conducted by the National Highway Traffic Safety Administration (NHTSA)\*, Mazda6 sedan and Mazda6 Sport Wagon earned Five Stars in 2005 and 2006 – the highest rating possible†.

\*For complete test results, visit [www.nhtsa.dot.gov](http://www.nhtsa.dot.gov)

†Tests conducted in the U.S. on the 2005/2006 Mazda6 sedan and wagon. Highest rating possible for driver and front passenger frontal impact and rollover protection by the U.S. NHTSA.

A.

B.

**A.** Important safety features include standard dual front air bags\*, dual front side air bags and side air curtains offering protection for the occupants.

**B.** Mazda6's "crushable" pedal assembly is engineered to fold away in the event of an accident, thus minimizing the chance of a serious ankle or leg injury.

\*Always wear your safety belt and secure children in the rear seat.

**1. REAR GUARD** – Every Mazda6 features an integral rear seatback reinforcement "barrier." In the event of a collision, it offers an additional measure of structural protection between rear-seat passengers and the contents of the vehicle's trunk or cargo area. **2. QUICK REFLEXES** – The sophisticated design of Mazda6's patented multi-link independent rear suspension enhances handling precision in emergencies, while its compactness also contributes to the generous amount of trunk or cargo area space. **3. STOPPING POWER** – In addition to power-assisted, four-wheel disc brakes for fade-resistant stops, an Anti-lock Brake System (ABS) with Electronic Brake Force Distribution (EBFD) plus a sophisticated Traction Control System (TCS) are standard. **4. SUPER STRUCTURE** – Mazda's Triple "H" construction adds extra steel reinforcements to critical body areas, enhancing the structural integrity, impact-protection and handling capability of every Mazda6. **5. SAFETY ZONES** – Every Mazda6 incorporates integral front and rear crumple zones to help absorb the energy of a collision and better protect occupants.

# Multiple choice.

## MAZDA6 SEDAN

In either of its two distinct trim levels, Mazda6 sedan combines invigorating performance with extraordinary value. So which one is right for your right foot? Drive it. You'll know.

### TECHNICAL HIGHLIGHTS

Among its many features, Mazda6 GS includes:

- Two engine options: 156-hp 2.3 L 16-valve all-aluminum 4-cylinder engine or 212-hp 3.0 L 24-valve all-aluminum V6 engine
- 5-speed close-ratio manual gearbox
- Double-wishbone independent front suspension
- Multi-link independent rear suspension
- Friction-optimized rack-and-pinion steering
- Power-assisted 4-wheel disc brakes
- Anti-lock Brake System (ABS) with Electronic Brake Force Distribution (EBFD)
- Traction Control System (TCS)
- Air conditioning and cruise control
- AM/FM CD player with 4 speakers and 2 tweeters
- Power windows and door locks
- Dual front side air bags; dual side air curtains

The GT version adds:

- 17-inch alloy wheels (GT-I4 only)
- 18-inch alloy wheels (GT-V6 only)
- Side sill extensions
- Body-coloured front grille
- Automatic climate controls
- Anti-theft alarm system
- Leather-trimmed upholstery
- Heated front seats
- Premium Bose® audio system
- Power glass moonroof
- Headlights – Xenon (HID) (GT-V6 only)

# And every answer

## MAZDA6 SPORT WAGON

Mazda6 Sport Wagon expands your definition of a sports sedan – by over 1,712 L with the rear seats down. With a rousing 212-hp and tuned suspension, it's tailor-made for drivers demanding outstanding performance plus exceptional versatility.

### TECHNICAL HIGHLIGHTS

Mazda6 Sport Wagon GS has many features, including:

- 212-hp 3.0 L 24-valve all-aluminum V6 engine
- 5-speed close-ratio manual gearbox
- Double-wishbone independent front suspension
- Multi-link independent rear suspension
- Friction-optimized rack-and-pinion steering
- Power-assisted 4-wheel disc brakes
- Anti-lock Brake System (ABS) with Electronic Brake Force Distribution (EBFD)
- Traction Control System (TCS)
- 17-inch alloy wheels
- Air conditioning and cruise control
- AM/FM CD player with 4 speakers and 2 tweeters
- Power windows and door locks
- Dual front side air bags; dual side air curtains

The GT version adds:

- 18-inch alloy wheels
- Automatic climate controls
- Anti-theft alarm system
- Leather-trimmed upholstery
- Heated front seats
- Premium Bose® audio system
- Power glass moonroof
- Headlights – Xenon (HID)

# is right.

## MAZDA6 SPORT HATCHBACK

Available in two stylish trim levels, this Mazda6 is a genuine sports sedan that delivers uncompromised performance along with surprising flexibility. Open its beautifully integrated liftgate, fold down the rear seats, and Mazda6 Sport hatchback is ready to accommodate over 1,662 L of whatever you feel like bringing along.

### TECHNICAL HIGHLIGHTS

Mazda6 Sport hatchback boasts many features, including:

- Two engine options: 156-hp 2.3 L 16-valve all-aluminum 4-cylinder engine or 212-hp 3.0 L 24-valve all-aluminum V6 engine
- 5-speed close-ratio manual gearbox
- Double-wishbone independent front suspension
- Multi-link independent rear suspension
- Friction-optimized rack-and-pinion steering
- Power-assisted 4-wheel disc brakes
- Anti-lock Brake System (ABS) with Electronic Brake Force Distribution (EBFD)
- Traction Control System (TCS)
- 17-inch alloy wheels
- Air conditioning and cruise control
- AM/FM CD player with 4 speakers and 2 tweeters
- Power windows and door locks
- Dual front side air bags; dual side air curtains

The GT version adds:

- 18-inch alloy wheels (GT-V6 only)
- Automatic climate controls
- Anti-theft alarm system
- Leather-trimmed upholstery
- Heated front seats
- Premium Bose® audio system
- Power glass moonroof
- Headlights – Xenon (HID)

### MAZDA6 SEDAN ACCESSORIES
