TOYOTA Tercel 98

Tercel 4-Door CE Shown in Vista Blue Mica (Optional Equipment Shown)

Practicality

The clean, aerodynamic design gives Tercel CE a distinctive, sporty presence and an exciting sense of motion and speed. Comfortable five-passenger seating and a quiet, roomy interior. A fun-to-drive feeling comes from a responsive 1.5 Litre DOHC 16-valve 4-cylinder engine that produces 93 horsepower with outstanding fuel economy. The user-friendly instrument panel places all gauges and controls in an open design that's easy to see and use.

Performance

Tercel dramatic styling starts with the sweep of the new reflector headlamps and wraps around to the bold new taillights

The 1998 Tercel is our most affordable sedan and its performance and practicality make this Toyota an exceptional value. But you can expect and deserve a lot for your money.

Tercel's newly refined instrumentation allows for easy viewing and fingertip control

Tercel 2-Door CE Shown in Alpine White (Optional Equipment Shown)

Tercel 2-Door Shown in Torrid Red (Optional Equipment Shown)

 **TOYOTA** Tercel 98

Tercel 4-Door CE Shown in Satin Black Metallic (Optional Equipment Shown)

To meet Toyota's high standards of quality, reliability and safety, Tercel includes power-assisted brakes, front and rear crumple zones, sturdy side impact door beams and an energy absorbing body structure. New rear-seat headrests complement the outboard

3-point lap and shoulder belts. A driver airbag Supplemental Restraint System (SRS) is standard for '98. Driver seatbelt pretensioner and force limiter and front

passenger seatbelt pretensioner have been added for '98. Finally, the interior options which include remote trunk and fuel door releases, 60/40 split and fold-down rear seat, driver and passenger side remote control mirrors and a digital clock custom tailor

Tercel to meet your requirements. Tercel – making the most of your money.

4-Door CE interior shown in Grey (Optional Equipment Shown)

Tercel Safety

The driver front seatbelt is equipped with a pretensioner that includes a force limiter.

In a frontal collision, the pretensioner immediately reduces slack in the seatbelt, helping reduce the risk of injury. The force limiter then allows the shoulder belt to “give” gradually to help minimize further injury.

For your driving safety, Tercel has a standard driver side airbag Supplemental Restraint System (SRS), Anchor points for child restraint seats and outboard 3-point lap and shoulder belts.

1998 Tercel Features & Specifications

WE HAVE YOU COVERED!

With Extra Care Protection™, your new Toyota has inflation protected coverage from mechanical failure, road emergencies, and much more. It is the affordable and cost effective way to guarantee your peace of mind and to protect your investment whether you buy or lease. ECP is not a warranty... it's much more! It can provide you and your new Toyota with coverage such as Towing, Emergency Road Service, Rental Assistance, and Tire Road Hazard Protection. It can take over with Mechanical Protection when your Toyota factory warranty ends. Please consult with your Toyota Dealer about this valuable option, because with ECP, "we have you covered!"

TOYOTA CREDIT

Take advantage of Toyota Credit Lease and Finance Plans. All arrangements can easily be made at your participating Toyota Dealership. Simply ask your salesperson about the complete convenience of Toyota Credit.

AIRBAG NOTICE: The 1998 Tercel features a driver airbag Supplemental Restraint System (SRS) which activates only in a front-end collision of sufficient magnitude to inflate the airbag. In moderate frontal collisions, the airbag may not inflate, in a rear or side collision the airbag is designed not to inflate, so the primary protection is provided by the lap and shoulder belt system.

Seat belts must be worn at all times by all occupants.

TOYOTA CANADA INC. Specifications and equipment are based on information available at time of printing and are subject to change without notice.
