The continuing Volkswagen success story.

For over six decades, from Wolfsburg to the far reaches of the earth, Volkswagen has delivered the exhilarating performance and reassuring safety of precision German engineering without compromise. Now the third largest car maker in the world, Volkswagen has shown it has the drive to constantly evolve and add exciting new chapters to its story. Did you know that we've made the Electronic Stabilization Programme* (ESP) standard on most 2009 vehicles? Or that we are a leader for clean diesel cars in the Canadian market. Keep reading, and you'll learn how the 2009 Volkswagen family of vehicles is once again making history.

*The Electronic Stabilization Programme is not standard on City Golf and City Jetta, Jetta Sedan 2.5L and TDI Clean Diesel, Jetta Wagon 2.5L and TDI Clean Diesel, and Rabbit.

City Jetta and City Golf shown with optional Comfort Package.

The City Golf and City Jetta.

Step into the City.

With the incredibly affordable Cityline models, it's never been easier to get into a German-engineered VW. Whether you prefer City Golf or City Jetta, you get plenty of great features. In fact, you'll wonder how you ever lived (or drove) without one. Designed for those who know where they're going, on the street and in life, the City has the get-up-and-go to fit your busy agenda – in style.

- 2.0L 4-cylinder engine, 115 hp, 122 lb-ft of torque
- 5-speed manual transmission or available 6-speed automatic transmission with Tiptronic®
- 4-wheel disc brakes with ABS
- Optional Electronic Stabilization Programme (ESP)
- Height-adjustable and telescopic steering wheel
- Single in-dash CD player with USB, auxiliary input jack & 8 speakers (City Jetta: 6 speakers)

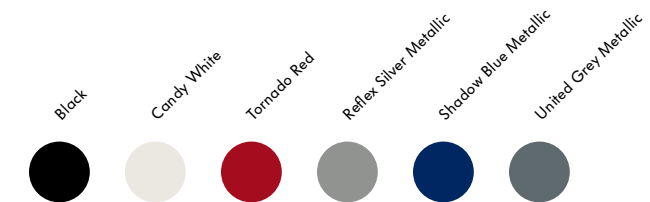

Fuel Consumption*

9.8 city / 7.0 highway L/100 km (manual)
 9.8 city / 7.0 highway L/100 km (automatic)

Rabbit shown with sport styling body kit and 17" Goal accessory wheels.

The Rabbit.

Run, Rabbit, run.

It's fast. It's friendly. It's the 2009 Rabbit – the perfect get-around-town and get-out-of-town car. With a 2.5L, 170 hp engine, this powerful and nimble vehicle will get you to where you want to be – in the style you're accustomed to. And with precision German engineering to get you out of any tight spot – from gridlocks to parking lots – there's never a dull moment in a Rabbit. Ready, set, go to it.

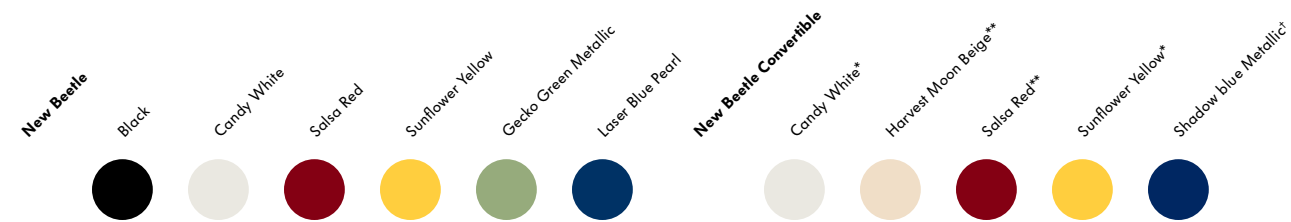

- 2.5L 5-cylinder engine, 170 hp, 177 lb-ft of torque
- 5-speed manual or available 6-speed automatic transmission with Tiptronic® and sport mode
- Crash-optimized front end
- Standard ABS and EBD, available HBA and ESP
- Climatic manual climate control
- Single in-dash CD player & 10 speakers
- Auxiliary input jack

Fuel Consumption*

10.7 city / 6.9 highway L/100 km (manual)
10.5 city / 7.2 highway L/100 km (automatic)

*Government of Canada EnerGuide consumption figures are estimates only. Your consumption may vary.

The New Beetle and New Beetle Convertible.

An icon then and now.

No vehicle is more iconic or enduring than the Volkswagen Beetle. First introduced back in 1938, “the little car that could” soon appeared all over the world and became the longest-running and most-produced automobile of a single design. In North America, the Beetle did everything from winning the Baja 500® to winning the hearts of Canadians from every walk of life. This journey is far from over, as the New Beetle keeps bringing the fun and fashion of a great shape, and combines it with the latest in German engineering and European styling. So hop in, buckle up and take off. The world is waiting.

- 2.5L 5-cylinder DOHC 20-valve engine, 150 hp, 170 lb-ft of torque
- 5-speed manual or available 6-speed automatic transmission with Tiptronic® and sport mode
- Electronic Stabilization Programme (ESP)
- Heatable front seats and washer nozzles
- Power heatable and adjustable exterior mirrors
- Auxiliary input jack
- Available power sunroof
- 16" wheels

6.8 city / 4.9 highway L/100 km (automatic)

For more information on the 2009 Green Car of the Year award, see GreenCar.com.

*Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age.

**Side driver and side rear passenger crash ratings. Government star ratings are part of the U.S. National Highway Traffic Safety Administration (NHTSA) New Car Assessment Program (safercar.gov). Crash performance was based on a U.S.-equipped vehicle. Some features on this model may be optional or unavailable in Canada.

†Government of Canada EnerGuide consumption figures are estimates only. Your consumption may vary. ††Standard on Jetta 2.0T.

The Jetta and Jetta Wagon.

Getting it all for all the good reasons.

Just what makes the Jetta so popular all around the world? The reasons are vast and varying. Some say it's the superior German engineering. Others say it's about possessing the latest in safety technology with an optional Electronic Stabilization Programme (ESP)^{††}. Still others point out the availability of an optional clean diesel turbo engine. Whatever your reason may be, the Jetta provides all the joy of German engineering at a price you can feel good about. It's the automotive equivalent of having your cake and eating it, too.

Four decades of peace and love, and dirt-kicking, torque-heavy real world racing.

It all started with a scrappy little Beetle dune buggy that turned into a hero at the 1967 Mexican 1000. Since then, Volkswagen has left its mark from Dakar to Pikes Peak® to the SCORE International®'s Baja 500®. Keep reading and you'll learn about our brand-new Jetta TDI Cup, a racing series featuring turbo diesel technology, 30 young racers, and a smaller carbon footprint. Also in the garage is a SCORE International Off-Road Racing Trophy Truck built to compete in the Baja 1000®. This creation is so advanced that SCORE International officials had to create new rules for our turbo diesel engine. Look around the apex of that next corner: it's the future of racing, and it's got a big Volkswagen logo on it.

A groundbreaking new kind of auto racing is going on, made possible by the Jetta TDI Clean Diesel. The Jetta TDI Cup was created to show the full power of diesel, and to introduce the world to the first racing series designed to be more environmentally friendly than the traditional gasoline car engine races. Each Jetta TDI Cup race features 30 of the fastest racers in the U.S. between the ages of 16 and 26. This SCCA Pro Racing® series pits drivers against one another in equally prepped, race-tuned Jetta TDIs. And they can compete in four bladder-busting races on a single tank of fuel. Go, green. Go.

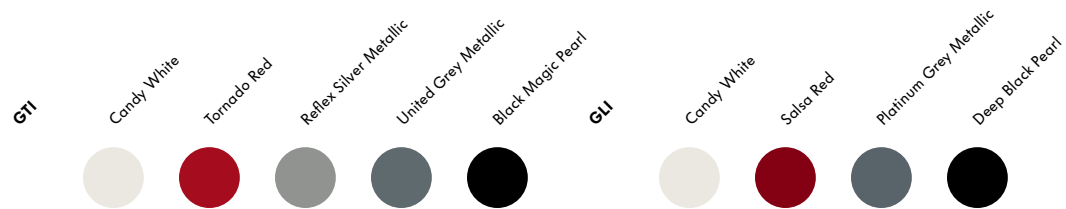

Touareg 2 shown with optional Sport Package. Drivers should always exercise care and control, and drive according to weather and road conditions.

GTI and GLI shown with accessory full body kit.

The GTI and GLI.

Pre-tuned, pre-loaded and pre-cise.

The fast-paced world of the sport compact sedan and hatch has come a long way over the last few years. Speed, handling and tune-ability have been at the forefront of developments. So have design and value. When we introduced the concept of a sport compact with the original Mk I GTI, we knew we were going to set a trend. Still a collector's favourite, it is the inspiration for the Mk V GTI, which has made it on *Car and Driver's* 10Best Cars List for the second year in a row. The Mk I has also inspired the GTI's iconic twin, the GLI. Both feature an efficient*, autobahn-proven, 2.0L turbocharged direct injection engine, German-tuned sport suspension, and meticulously speedy Volkswagen DNA. Think of it as a competitive sibling rivalry, and you're the winner.

- 2.0T engine, 200 hp, 207 lb-ft of torque, in-line, 4 cylinders, 4 valves per cylinder
- 6-speed manual transmission or available 6-speed Direct Shift Gearbox (DSG) automatic transmission with Tiptronic® and sport mode
- Sport suspension
- Hydraulic Brake Assist (HBA)
- Climatronic dual-zone electronic climate control
- Heatable front seats and washer nozzles
- Front foglights
- Sport seats
- Premium VII radio with in-dash 6-disc CD changer & 10 speakers
- Bi-Xenon® headlights
- 17" alloy wheels

Passat shown with sport styling body kit and 18" Velos accessory wheels.

The Passat and Passat Wagon.

Designed to stir souls. Engineered to stop hearts.

Introducing the 2009 Volkswagen Passat, the car for those who take special pride in having German engineering, European styling, and "Best in Class" status* in their driveway. Uniquely bred and spec'd in Germany's legendary Nürburgring, the Passat boasts high-end special features** and engineering found in few other cars around the world. Not to mention a low sticker price. Who knew such a top-notch sedan and wagon could be so affordable?

*2007 and 2008 Kiplinger's Finance "Best in Class," Passat Wagon 2.0T.

**Passat offers a brake disc wipe feature, an electronic parking brake with auto hold, and a push start key fob system.

The all-new Passat CC.

A car with curves that hugs the curves.

Introducing the Passat CC, the curvaceous, all-new sedan from Volkswagen. Designed with emotional curves and mathematical genius, this innovative new vehicle breaks down the barriers between you and a truly exceptional German sedan. The Passat CC inspires with beautiful lines, VIP treatment for four passengers, and an available 280 hp of performance to back it all up. Its sleek shape boasts one of the lowest drag coefficients in its class. Which simply means it virtually slips through the air and glides past the gas pumps.

Automobile Journalists Association of Canada

The Eos.

There's something in the wind.

Meet the Volkswagen Eos, the award-winning hardtop convertible from Volkswagen, aptly named after the goddess of the dawn.

In a world of luxurious European drop-tops, Eos is the first affordable hardtop convertible to include a sunroof. Maybe that's why Eos won MotorWeek's 2007 "Drivers' Choice Award" for Best Convertible. If that sounds like music to your ears – and feels like wind through your hair – then the Eos might just be right for you.

- 2.0T engine, 200 hp, 207 lb-ft of torque
- 6-speed manual transmission or available 6-speed Direct Shift Gearbox (DSG) automatic transmission with Tiptronic® and paddle shifters
- Rollover protection
- Heatable front seats and washer nozzles
- Coupe-Sunroof-Convertible (CSC) automatic folding hardtop
- Optional Bi-Xenon® headlights
- Front foglights
- 17" alloy wheels

17" Azuro wheel.

Eos shown with accessory wood trim.

Eos shown with 18" Velos accessory wheels.

The all-new Tiguan.

The soul of an SUV. The heart of a GTI.

The Tiguan is the first compact SUV from Volkswagen. Named Europe's SUV of the Year by Auto Bild[®], this instantly recognizable vehicle is designed with the belief that you only need as much SUV as you need. Just enough to get you and your stuff to the playground. Whether that playground is at the corner park or in Jasper National Park. Everything you need, and nothing you don't.

- 2.0T engine, 200 hp, 207 lb-ft of torque
- 6-speed manual transmission or available 6-speed automatic transmission with Tiptronic[®] and sport mode
- Available 4MOTION
- Electronic Stabilization Programme (ESP)

Your vehicle is sold equipped with all-season tires. However, please remember that the use of winter tires may be mandatory in your province or territory. Make sure your vehicle has the proper tires at all times.

Child passengers must be properly secured in a child seat that is appropriate for their age and size.

The all-new Routan.

Room to roam.

Make room for the 2009 Routan – a 7-seater with wanderlust. Whatever your adventure, the Routan boasts a powerful 4.0L, 251 hp V6 engine that will take you from “are we there yet?” to “we’re already there?” in no time flat. Whatever curves you throw at it, the Routan’s responsive Euro-tuned suspension is ready to handle any bump in the road. And now with optional state-of-the-art entertainment systems, the Routan will keep the whole clan ... well, entertained. Performance and convenience all in one incredibly attractive package – the Routan is ready to roll.

- 4.0L V6 engine, 251 hp, 259 lb-ft of torque
- 6-speed automatic transmission with manual shift mode
- Electronic Stabilization Programme (ESP) with Hydraulic Brake Assist (HBA)
- Tire Pressure Monitoring System (TPMS)
- Available front foglights
- Power adjustable heatable exterior mirrors
- Available dual power sliding doors
- Available adjustable floor pedals with memory
- Optional rear backup camera

Touareg 2 shown with optional Sport Package and 19" Namib accessory wheels.

The Touareg 2.

Get brains with all the brawn.

The Touareg 2 delivers gutsy Baja 500® capability with available GPS navigation and supple European leather seating surfaces. You'll feel like you're racing the Dakar Rally when making a pit stop at the corner minimart. The perfect combination of plush European comfort, intuitive safety systems and four-wheeling muscle.

And because Volkswagen is a leader in clean diesel, it's only natural that you should also have the choice of a Touareg TDI Clean Diesel. Equipped with AdBlue® Selective Catalytic Reduction (SCR) technology to meet current emissions standards, this version of the Touareg offers all the power and torque that diesel is renowned for. Watch for its arrival in 2009.

- 3.6L V6 FSI® engine, 280 hp, 265 lb-ft of torque
- 6-speed automatic transmission with Tiptronic® and sport mode
- 4XMOTION
- Electronic Differential Lock (EDL)
- Engine Braking Assist (EBA)
- Available four-corner adjustable air suspension
- Available Park Distance Control
- Leather-wrapped multifunction steering wheel
- Heatable front seats and washer nozzles
- Power sunroof
- Available Bi-Xenon® headlights
- 17" alloy wheels

*Government of Canada EnerGuide consumption figures are estimates only. Your consumption may vary.

Touareg 2 shown with optional Sport Package. Drivers should always exercise care and control and drive according to weather and road conditions.

Dramatization. All bags will not normally be deployed.

Safety doesn't happen by accident.

Volkswagen vehicles offer a comprehensive network of features that work in harmony to help you avoid an accident, and help protect you if one is unavoidable. And we're always improving upon it. Because when it comes to safety, our work is never done.

Dual Front and Front Side Airbags*†

Can deploy within milliseconds.

Side Curtain Protection*†

Airbags deploy down the roofline from the A-pillar to the C-pillar, to help reduce head and upper torso injury in the event of side impact.

Intelligent Crash Response System

In a severe crash, all doors are unlocked, the battery terminal is disconnected from the alternator cable, the fuel supply is shut off, warning hazards are switched on, and high consumption electrical components are shut off, all automatically.

LATCH

Lower Anchors and Tethers for Children. A standardized child-safety seat system.

Electronic Brake-pressure Distribution (EBD)*

Senses exactly how you're braking, then applies just the right amount of braking power to each axle as needed. During very hard braking, this system helps keep the vehicle under control.

Park Distance Control System*

Notifies you with audible beeps when you're too close to another parked car.

Electronic Stabilization Programme (ESP)*

You never know what's up ahead. Black ice, potholes – the road is full of surprises. ESP helps keep you on the straight and narrow by detecting slippery road conditions and reacting to sudden maneuvers. What's ESP? Think of it as Extra Sensory Perception for the road ahead.

LED Technology*

The rear brake lights are all illuminated using light-emitting diodes that light up instantly and shine brighter, to help keep the rear of the vehicle optimally visible and out of harm's way. Bulbs also use less power and have a 59% longer life span than traditional bulbs.

*Some safety features are available as options on certain models. See your dealer for details.

†Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age. Drivers should always exercise care and control, and drive according to weather and road conditions. Obey all traffic laws.

For a Volkswagen like no other.

Accessorize and personalize your Volkswagen just how you like it with an array of options.

Racks – Carry more with the basic roof rack setup. Add a bike, kayak, ski and cargo options to load up on any sport, hobby, or pastime.

Running Boards – These running boards have a sturdy skid-resistant stepping surface. So you can hit the boards running if you're trying to outrun the rain.

Dual Exhaust Tips – These let the other drivers know you're not to be trifled with.

Body Kits – Help your Volkswagen hug the ground with front and rear spoilers and side valances via the optional body kit.

Wheels – Personalize your Volkswagen with a wide selection of alloy wheels available for all models.

SIRIUS entertainment for your Volkswagen.

Available SIRIUS® Satellite Radio delivers 120 channels, including 100% commercial-free music. Everything from news to sports to classical to metal to hip hop to honky tonk. SIRIUS has it all. And if there's such a thing as hip tonk or honky hop, you better believe you're getting that too.

Offered with a three-month complimentary subscription on most Volkswagen models (the Routan comes with a one-year complimentary subscription). See your dealer for details.

Volkswagen as a second skin.

It's time to get your Volkswagen on. And there's a lot to pick and choose from. Finding something that matches your style will be easy. Once you do, you might begin to hear things like "that shirt goes really well with your sport exhaust" or "amazing how your jacket matches the rear spoiler," but don't worry, it's perfectly normal. It's what happens when you turn your wardrobe into a Volksdrobe.

vwdrivergear.ca

Volkswagen delivers, whatever you choose

Take a quick look at this year's wide range of models, and you'll know Volkswagen offers a vehicle that's sure to meet all your needs, whatever your lifestyle. Whether it's a sporty coupe, a first-class sedan, or something that can accommodate the whole family in style, your new Volkswagen will surpass your expectations with legendary German engineering, numerous safety features, and all the fun to drive that's become synonymous with Volkswagen.

The choice is even greater this year, thanks to some new additions to our family. The Passat CC will appeal to lovers of premium comfort, the Routan to adventurous families, and the Tiguan to those looking for a compact SUV. Add the Jetta and Jetta Wagon TDI Clean Diesels, which have made Volkswagen a leader in clean diesel technology in Canada, and you've got a line-up that takes into account your environmental concerns as well as your aversion for stopping at the pump.

We think that the photographs and descriptions in this brochure do all our vehicles justice. However, we're sure you'll agree that nothing can match a test drive when it comes to making up your own mind about a car. So do come down to your nearest Volkswagen dealer and experience for yourself what our vehicles can offer. We hope to see you very soon.

Warranty and Roadside assistance

- 4-year/80,000 km (whichever occurs first) new vehicle limited warranty
- 5-year/100,000 km (whichever occurs first) powertrain limited warranty
- 12-year / unlimited distance limited warranty against corrosion perforation (except for Routan)
- Limited warranty against corrosion perforation – 4 years or 80,000 km (whichever occurs first) for sheet metal panel, and 5 years or 160,000 km (whichever occurs first) for outer-body panel (Routan only)
- 4-year / unlimited distance 24-hour roadside assistance provided by Professional Dispatch Group

Volkswagen Finance

Once you figure out what car to get, Volkswagen Finance will help you get into it. For some people, the hardest thing to decide on when buying a new car isn't colour. Or figuring out which options they just can't live without. It's financing. That's why the folks at Volkswagen Finance are there to help. Go to vw.ca for more information. The choice is yours.
