YEARS
AUTOMOTIVE HISTORY

The **Škoda** Octavia

Recommended Retail Price List
and Technical Specification

Effective 1st January 2010

Škoda. Manufacturer of happy drivers.

Scrappage

Do you have a car that's 10 years old that you've owned for a minimum of 12 months? If the answer's yes, then this could be the last chance you have to take advantage of the the Government's scrappage scheme - which could get you great savings off the price of a new Škoda. The scheme covers cars registered on or before 29 February 2000 (V registration or before). Why not take a look at our website (www.skoda.co.uk/scrappage) for further details and terms and conditions.

Welcome to the Octavia

Built upon the core values of practicality, reliability and great value for money the Octavia range has been delivering driving satisfaction for over 50 years. The latest Octavia continues where its predecessors left off. Why not take a minute to understand exactly how the Octavia can make you a happy driver?

Versatility across the range

Whatever your needs, there's bound to be an Octavia to suit you. From the entry level S, to the sporty vRS, to the top of the range Laurin & Klement. In need of a four wheel drive? Then there's the 4x4, or the even more adventurous Scout.

Škoda Assistance

Every Škoda is covered by Škoda Roadside Assistance. So if you break down, even if you're on holiday or on business in Europe, you can use the free phone number to call someone to come and help you. Best of all it's completely free for 3 years.

Safety

With driver and passenger front and side airbags as standard on all models, the Octavia has safety at its core. The newly designed front headrests, which are standard across the range, have been developed with a new shape which help to protect your spine by minimising the effects of whiplash in an accident.

Multimedia

Standard on Elegance trim and above is a 3.5mm aux in socket. This allows MP3 players to be played through the radio, but with control remaining on the MP3 player. The optional MDI unit is a step forward in in-car multimedia. This allows you to play and control your MP3 music files through the radio.

DSG gearbox

Get great acceleration, performance and fuel economy with the Octavia's DSG gearbox. Previously available only on diesel engines, the DSG (Direct Shift Gearbox) is now available on both diesel and petrol engines. Operating in fully automated or manual tiptronic, the DSG uses the very latest technology to ensure that comfortable gear shifting is achieved with excellent performance, fuel economy and of course acceleration.

Air conditioning

Stay cool in the Octavia with standard air conditioning. Available as manual and dual zone, air conditioning offers great advantages over standard ventilation, keeping your car cool during the summer months. Surprisingly, it also becomes an effective tool in winter, demisting the windows faster than standard ventilation. Not to mention the positive effect that air conditioning has on the value of your car when you come to change it.

So you've read a little about some of the Octavia's features, but what else do you need to know about the Octavia?

The latest Octavia is Škoda's next step forward in the history of this award winning model. With some design and functional improvements, the Octavia improves on what was already a class leading and award-winning predecessor.

With its elegant exterior, the Octavia marries classical good looks with a sense of dynamism and sophistication. Inside, the Octavia benefits from durable upholstery, an outstanding sound system and range of multi functional steering wheels ensuring that the feel of the interior is as exciting as the outside.

Opening the bonnet unveils powerful, fuel efficient direct injection petrol and TDI engines. The list of comfort, functional and safety features is vast and the new contemporary interiors ensure a pleasurable driving experience.

The Octavia has always been based on the timeless appeal of value for money, and the latest incarnation is no exception.

So now the introduction's over, why not have a look at the Octavia in a little more detail?

Škoda really does manufacture happy drivers.

What does being a happy driver mean to you? Here at Škoda, our goal is to ensure that anyone who experiences a Škoda has a happy experience. Right from the design stage, through the buying experience, to the after sales service, we want our customers to be happy with their Škoda vehicle.

The happiness of our customers is central to all we do here at Škoda, and that's no empty claim - we've been in the top 5 of the JD Power customer satisfaction survey for the last 14 years! Don't take our word for it though, come into a showroom and experience this for yourself.

Škoda. Manufacturer of happy drivers.

OTR (Recommended On The Road)

* Recommended 'On the Road' prices include delivery, 12 months Road Fund Licence, DVLA First registration Fee (at £55), and apply to the United Kingdom only.

VED (Vehicle Excise Duty)

** All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current Škoda UK stock. The VED bands are shown in the table opposite.

Please confirm figures with your Škoda retailer. Edition: UK May 2009. VAT is calculated at 17.5%. For fuel consumption data, please refer to page 18-21

Band	CO ₂ Emission figure (g/km)	VED charge
A	Up to 100	£0
B	101-110	£35
C	111-120	£35
D	121-130	£120
E	131-140	£120
F	141-150	£125
G	151-165	£150
H	166-175	£175
I	176-185	£175
J	186-200	£215
K	201-225	£215
L	226-255	£405
M	Over 255	£405

* Fuel consumption and CO₂ emissions according to EU Directive 99/94. □ Where law permits.

Power transmission

Clutch Hydraulically-activated single-plate dry clutch with diaphragm spring, asbestos-free coating.

Manual transmission Five-speed manual transmission, fully synchronised with direct gearshift, six speed manual transmission.

Number of gears

5 Speed Manual 1.4 16V, 1.6 MPI, 1.6 TDI CR, 1.9 TDI PD

6 Speed Manual 1.4 TSI, 1.8 TSI, 2.0 TDI PD

6 Speed DSG 1.9 TDI PD, 2.0 TDI PD, 2.0 TFSI, 2.0 TDI CR

7 Speed DSG 1.4 TSI, 1.8 TSI

Chassis

Front axle/rear axle McPherson axle with the bottom triangular control arms and Independent multi-link suspension with one longitudinal and two cross arms and torsion stabiliser.

Suspension Coil springs, telescopic shock absorbers, rear springs located outside the shock absorbers (gas shock absorbers in rear).

Braking system Hydraulic dual circuit brake system with diagonal interconnection, vacuum assisted dual rate brake booster.

Front brakes Disc brakes, with hollow discs, internal cooling and single-piston floating calliper.

Rear brakes Disc brakes with full discs and single-piston floating callipers.

Handbrake Mechanical handbrake operating on rear wheels.

Steering Direct rack and pinion steering with electromechanical power steering.

Tank

Fuel tank content (litres) 55 (60 for 4x4)

Fuel Lead-free petrol with RON 95 or Lead-free petrol with RON 91†.

Diesel (1.9 TDI PD/105bhp and 2.0 TDI PD 140bhp) CZ 49.

Body type Five-door, five-seat, double-space steel bodywork, Fully galvanized body.

Official fuel consumption for the Octavia range in mpg (litres/100km):

urban 27.2 (10.4) - 51.4 (5.5);

extra urban 44.1 (6.4) - 76.4 (3.7);

combined 36.2 (7.8) - 64.2 (4.4).

CO₂ Range 114-182 g/km

† Lower efficiency when using lower RON petrol.

All bhp figures are metric and are worked out using a conversion rate of 1.36 of KW figures - these metric bhp figures are otherwise known as PS.

Technical glossary

ABS: the anti-lock braking system prevents the wheels from locking during heavy or emergency braking, enabling the vehicle to remain steerable. When braking, wheel speed sensors measure the road wheel speed and should one or more wheels start to lock the system reduces brake pressure to that wheel.

MSR: the engine torque control system recognises when the wheels are subject to too much slippage and regulates the power supply by intervening in the engine management system. This prevents wheelspin when, for example, changing down on a smooth or wet road surface. MSR is a constituent part of the ASR system.

EDL: the electronic differential lock continually compares the rpm of the drive wheels, and if it identifies a difference between them which could lead to an individual wheel spinning, for example if the two wheels are on different types of surface or accelerating on wet leaves, the system brakes the wheel affected until uniform rpm of all drive wheels is restored.

ASR: anti-slip regulation traction control ensures the Octavia's stability when pulling away or accelerating. If the engine power or torque being transmitted to the drive wheels is too great, for example on a slippery road surface, engine torque is automatically reduced until optimum road-holding returns, thus preventing wheelspin. A light indicates whether the ASR system is on. It can be manually switched off.

Xenon lights: the xenon lights produce about 2.5 times the light of standard Halogen lights with 35% less energy consumption.

MBA: the mechanical brake assist system increases brake effort under emergency braking conditions through a dual rate servo.

ESP: electronic stability programme is designed to stabilise the dynamic handling response of the vehicle by counteracting any tendency towards oversteer or understeer. The ESP constantly compares the actual movement of the vehicle with predetermined values and according to the situation ESP reacts by braking each wheel individually (according to direction of slip) and automatically adjusting the engine's output.

CAN Bus: the CAN Bus is an electronic data bus which links the various different electronic control systems in the car. It ensures ideal co-ordination between systems and reduces the amount of wiring needed in the car.

The CAN Bus system (described above) requires a new generation of towing electrical adapters and the Octavia utilises a 13-pin European System. This can then be easily converted to a single 7 pin socket for users with a trailer. For users with Caravans a number of options are available depending on the need for a fixed/detachable Towbar, ability to use reversing sensors and age of Caravan. A number of different 13 Pin to Twin 7 pin adapters are available - please ask your retailer for more information.

Fuel cut-out: should one or more of the airbags inflate after an accident, this system automatically cuts out the fuel supply, thus preventing subsequent leakage of the diesel or petrol.

Trip Computer: the trip computer not only features an impressive range of data displays, operating it is simplicity itself. A multi-function touch key enables you to call up all relevant data on the easy-to-read display. Features include external temperature, time, current fuel consumption, average fuel consumption, miles driven and average speed.

DPF: diesel particulate filter is part of the exhaust system responsible for cleaning the engine exhaust gases before they enter the atmosphere. The DPF catches soot particles emitted in the exhaust gas and it works in conjunction with the catalytic converter, which reduces the amount of harmful gases entering the atmosphere. The DPF must periodically be emptied of the soot particles, a process known as regeneration. This involves elevated exhaust system temperatures. A driving style is required during regeneration, where a constant vehicle speed above 37 mph must be maintained. This does not always suit customers who make frequent short journeys or experience stop/start driving or drive within inner-city or urban areas.

XDS: XDS is an advanced electronic differential lock linked to a sophisticated Electronic Stabilisation Programme (ESP) system, designed to maximise traction and improve responses. It is an extension of the established EDS function. In moments of fast cornering it provides pressure on the inside wheel to prevent wheel spinning. The result is better traction and a reduction of any tendency to under steer. The driver will experience a more agile, precise and calming driving performance with better traction out of bends.

Mobile phones on the '3' network are incompatible with the Bluetooth® phone preparation on Octavia. The phones on '3' are unable to switch to rSAP mode and will therefore not work on this system.

Customer services

Talk to us on 08457 745 745

No matter what the query, our dedicated call centre is always ready to listen. No matter how big or small the request, speak to one of customer care advisors to see if they can help. The call centre is open from 8.30am-5.30pm. If you're calling out of hours, then a message can be left and you'll be contacted back.

Peace of mind with a Škoda warranty

In the first two years of owning your car, you'll get the peace of mind of a two year unlimited mileage warranty. In addition, you'll also get a further warranty on new vehicles supplied through the appointed dealer network until the vehicle has completed 60,000 miles or the end of the third year, whichever is sooner.

Your Octavia also benefits from a 3 year paint warranty and 12 year anti-perforation warranty

A network that's here to help

With 14 years in the top 5 of JD Power's customer satisfaction survey, our network of approximately 125 retailers knows how to treat a customer. You can be sure that as a Škoda customer, your retailer will look after you from the moment you walk through the door, throughout the life of your Škoda. Your new Octavia will be serviced and maintained to the highest standards by specially trained Škoda technicians. And when you need a spare part you'll be happy to know that most are held in stock, or can be ordered within 24 hours. So if top class customer satisfaction is what you're after, the Škoda network will be there for you.

Motability

People in receipt of the Higher Mobility Component of the Disability Living Allowance receive special help from Škoda. Preferential prices on low cost Contract Hire are available through your local approved Motability retailer. For full details, contact your retailer.

If your Škoda's in trouble, rely on Škoda Assistance

Completely free of charge, every new Škoda is covered by Škoda Assistance, provided by the RAC through a dedicated team. This cover lasts for 3 years. So if you ever break down, you can use the freephone number to call out someone who really knows about Škoda cars to help. This service is even available in Europe, so you don't need additional breakdown cover when you're driving on the continent.

Financing your Škoda

We all know that times are hard, so Škoda Finance specialises in providing funding solutions for Škoda drivers. Regardless of whether you're a private or business user, you can choose from a range of funding options

Finance products available are:

- Solution – a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Škoda Finance products you can choose a fixed-cost maintenance plan designed to help you budget accurately. No matter what finance product you choose, your local Škoda retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs. Škoda Finance is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230.

Adding that little extra to your car

If the standard specification and factory fitted options aren't enough for you, then why not take a look at our range of retailer fitted accessories? A separate accessories brochure can be found at your local retailer, or can be ordered by phoning our call centre, or by going on-line at www.skoda.co.uk.

Škoda Insurance

We want you to start enjoying your new car from day one and thanks to Škoda Insurance complimentary seven day cover, you can. Call free on 0800 316 7895 (lines are open Monday to Friday 8am – 9pm and Saturday 9am – 5pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

Visit www.insurewithskoda.co.uk for details of the full range of insurance products available. Here you can also get a quote for your annual car insurance and buy it online too. All of our insurance products are designed to make your experience of owning your Škoda as happy as possible.
