## Handles Any Mission

The All-New Kia Sorento is well prepared to tackle life's obstacles. With improved cabin space, seating for seven as standard and a choice of petrol or diesel engines, the only remaining task is to explore and adventure with the family in style and comfort

Platinum model shown

# Award Winning Design

With sharper lines and a more sculpted appearance, wider stance and longer wheelbase, the All-New Sorento offers sophistication without compromise. We're not the only ones who think so, with the All-New Kia Sorento awarded a 2015 IF Design Award, as well as an Honourable mention in design award by International design committee, Red Dot.

# Australia's Best SUV

The All-New Sorento performs just as good as it looks. Deft on-road dynamics and versatile performance have seen the All-New Sorento win numerous Australian awards. These include two 2015 Australia's Best Car Awards in the Family Wagon and AWD SUV \$50-65K categories, as well as being crowned CarsGuide Car Of The Year 2015 and Drive Car Of The Year 2015 in the Family SUV category.

## 7 Seats as Standard

It's not just the outside that's new. Inside, there is seating for seven as standard equipment, premium interior finishes and the latest safety technology keeping all occupants safe.

The All-New Sorento is flexible to your lifestyle, offering a variety of seating configurations to suit all scenarios. It's never a burden to rearrange the interior, with a remote second row seat folding lever accessible from the rear of the car

Platinum model shown

## Driver Focussed

The All-New Sorento puts forward space and comfort that'll exceed expectations. Flowing ergonomics take a priority inside the cabin, allowing for ease of use and intuitive operation of vehicle systems. You'll notice the high attention to detail across all surfaces, with the expansive use of premium soft-touch materials throughout the cabin.

# Innovative Technology

## Hands-Free Smart Power Tailgate

Simply walk in front of the rear tailgate with the vehicle's smart key for the Powered Smart Tailgate to automatically open – perfect for when your hands are full. (SLi and Platinum models only)

## Smart Cruise Control

Adaptive Smart Cruise Control is a radar-equipped system that constantly monitors the distance between you and the car in front, and either automatically accelerates when required to a set speed, or applies the brakes to maintain a safe distance. (Platinum model only)

## Dynamax™ All-Wheel Drive

Kia's Dynamax™ all-wheel drive is a smart and intuitive system that constantly monitors your vehicle's status on the road then automatically adjusts settings for the best performance. (Diesel models only)

## Electronic Parking Brake with Hill Control

Conveniently operate the Electronic Parking Brake with a one-touch operation. After applying the brakes and coming to a standstill, the Auto Hold function will keep the brakes applied even after removing your foot from the brake pedal.

### Infinity® by Harman Surround Sound System

A 10-speaker sound system developed by Harman providing powerful sound through an external amplifier, featuring Harman's restoration technology for digitally compressed music. (SLi and Platinum models only). Infinity® and Infinity® by Harman are registered trademarks of Harman International Industries, Incorporated.

### 7-inch touch screen with Satellite Navigation

Standard across all models is a 7-inch touch screen LCD screen with Satellite navigation system, Bluetooth audio connectivity and rear view camera.

## Choice of Engines

### 3.3 Litre V6 MPI Petrol Engine

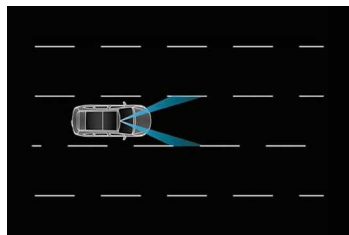

Kia's latest 3.3 litre V6 engine with 199 kW of power and 318 Nm of torque.

### 2.2 Litre CRDI Diesel Engine

Powerful yet frugal, Kia's 2.2 Litre CRDI Turbo diesel engine outputs 147 kW of power with 441 Nm of torque.

# Advanced Safety

## Blind Spot Detection with Lane Change Assist

Available on Sorento platinum, this system uses sensors to identify vehicles approaching from behind, and then alerts the driver through visual alerts on the side mirror.

## Lane Departure Warning System

A camera mounted on top of the windshield recognises the lane in which the vehicle is currently travelling in, and alerts the driver if the vehicle exits without the use of a turn signal. (Platinum model only)

## Advanced Traction Cornering Control (ATCC)

Maintains on road stability by adjusting the torque (torque vectoring) to each individual wheel when slippage is detected. (Diesel AWD models only)

## Rear-view Camera with Steering Linked Guidelines

Dynamic parking guidelines move with the steering angle, projecting the estimated trajectory of the vehicle on top of the vision captured by the reverse camera.
