Bonneville[®] is the full-size luxury sport sedan that gives luxury a full-course attitude adjustment. Its sporty yet elegant presence asserts with authority. The artfully sculpted body capped by a curved rear spoiler communicates that it's more than just a pretty face. With plenty of horses under the hood courtesy of the 3800 Series II V6 — 205 hp on SE and SLE models and 240 hp on the sporty SSEi — you'll know that its sleek looks are backed by brawn. Inside this roomy sport sedan, numerous amenities cater to your desire for comfort without compromise. Bonneville SSEi turns traditional concepts of luxury and performance on its head — with more power and overall passenger room than Mercedes E320, BMW 530i and Lexus GS 300, for thousands of dollars less!*
