

2003 Cavalier

2003 Cavalier

CHEVROLET

2003 Cavalier

New power. New style. Affordable as ever.

Front to rear, the 2003 Cavalier sports exciting new styling. Under the hood is a double overhead cam ECOTEC engine pumping out 140 horsepower. Cavalier's suspension has been refined to improve ride and handling. New interior features include a redesigned steering wheel and handy 60/40 split-folding rear seatbacks - standard on all models.

While you'll be excited by all its "news," Cavalier for 2003 remains as reliable, affordable and economical to operate as ever. We've also made certain that this year's edition of one of Canada's favourite automobiles was just as space efficient, versatile and downright fun to drive as ever. And we've also continued to provide the same 5-year/100,000 km powertrain component warranty.*

The 2003 Cavalier. Dependability and value take on a brand new look. To learn more visit: gmcanada.com

*Whichever comes first, see your dealer for details.

CHEVROLET

TESTED
& TRUE

Cavalier VL

Cavalier fun and value start right here.

Whether you choose the exciting Cavalier VL Coupe or the smart looking Cavalier VL 4-door Sedan, you'll enjoy an automobile that's as much fun to drive as it is practical to own. Its 5-speed Getrag manual transmission (4-speed automatic available) and 140-horsepower ECOTEC engine can make the journey even more fun than the destination. Plus you can set it all to music with Cavalier VL's AM/FM stereo. Choose the VL Coupe and you even get a rear spoiler to set its great new looks off with a stylish touch.

On the practical side, the ECOTEC engine delivers excellent fuel economy and longer intervals between maintenance stops. If you occasionally carry bulky gear, the split-folding rear seatbacks will help you handle over-sized cargo with ease.

Of course you'll enjoy a host of other features like tinted glass, remote control driver's side exterior mirror, auxiliary power outlet, theatre dimming interior lights and much more. It could just be that VL stands for Value Leader.

MAIN IMAGE: Cavalier VL Coupe, shown in Black.

AT RIGHT: Cavalier's flair for style translates beautifully into the VL Sedan. Thanks to good design and innovative use of its interior space, there's comfortable room for 5 inside. Shown here in Arrival Blue Metallic.

VLX Coupe

VLX Coupe. Add a little. Get a lot.

Cavalier VLX Coupe not only looks great, it also sounds great when you check out its standard features. And happily it won't cost you much more than the base model VL.

From the outside, VLX Coupe sets itself apart with body-colour side mouldings that blend neatly with its smoothly restyled lines. They also help protect its finish by absorbing nicks and bumps. Adding to the Coupe's sporty cachet are stylish 15-inch wheel covers.

Slip inside and you'll discover an AM/FM CD sound system with 4 speakers and a tilt steering wheel that adjusts to your best driving position. Add to that the fully reclining front seatbacks and VLX Coupe will fit drivers from SM to XL - no problem.

Cavalier VLX Coupe. Now you can step up without stepping beyond your means.

Cavalier VLX Coupe, shown in Ultra Silver Metallic with available 15-in. styled aluminum wheels.

VLX Sedan

Beauty has its practical side.

Cavalier VLX Sedan includes just about everything the VLX Coupe does – AM/FM CD player, tilt steering wheel and body-colour side mouldings. Then it adds two extra doors. And chances are you'll need them. After all, when you drive a car this good looking, you're bound to make friends by the carload. So it's a good thing VLX Sedan's interior is both spacious and well thought out.

For your convenience and security all VLX models include a remote keyless entry system that lets you lock or unlock the doors or open the trunk from up to 6 m (20 ft.) away. Plus there's a Panic button on the remote key fob. Hit it and it flashes the lights and sounds the horn should you find yourself in need of assistance.

Cavalier VLX Sedan. Driving proof that high style and practicality can work together beautifully.

Cavalier VLX Sedan, shown in Arrival Blue Metallic with available rear spoiler and 15-in. styled aluminum wheels.

VL and VLX Interior

Cavalier interiors - designed to raise your comfort level.

Not only is Cavalier surprisingly spacious inside, it's also exceedingly well designed and outfitted. Even the base VL model features fully reclining front bucket seats, handy map pockets and a centre console with armrest that has storage space for valuables, a change holder and cupholders for the front passengers. The rear seatbacks may be folded down to handle bulky items. They're split 60/40 so you can carry a mix of cargo and passengers as the situation demands.

VLX raises your comfort level even more. At your fingertips are power door locks, power windows and dual power adjustable exterior mirrors. Switch on the sound system and enjoy your choice of the AM/FM stereo or CD player. Even the tilt steering wheel can be adjusted to your most comfortable position.

Cavalier VL and VLX interiors. You'll love the way they raise your comfort level - without raising the ante much at all.

MAIN IMAGE: Cavalier VL interior, shown in Neutral, with standard 60/40 split-folding rear seatbacks.
AT LEFT: Keep valuables handy but out of sight in the storage compartment of the centre floor console.
CDs fit right in.

Cavalier Z24

Four doors for more fun.

Cavalier Z24 Sedan adds two extra doors to the fun of driving a sports car. And in typical Cavalier fashion, it's surprisingly affordable. Of course there's also a sleek two-door model for you Coupe aficionados. But whichever you choose, the prize is behind door #1 – the driver's door.

Take the wheel and you're in control of a superb-handling automobile with a sport-tuned suspension and 16-inch machine-faced aluminum wheels.

Z24 performance also includes the great way it treats you and your passengers. Your AM/FM stereo sound system features a dual playback system with CD and cassette. Air conditioning is standard equipment. And the same goes for your power mirrors, door locks and windows. Plus, to help you maintain steering control under hard braking, Z24 models come with an anti-lock braking system.

Cavalier Z24. The only thing that would make its exciting new styling look better would be seeing you behind the wheel.

MAIN IMAGE: Cavalier Z24 Sedan, shown in Victory Red with available chrome-finished aluminum wheels.
AT RIGHT: Z24's new styling refinements include deeper front and rear fascias. Fog lights and rocker mouldings add to the sporty look. Z24 Coupe, shown in Victory Red with available chrome-finished aluminum wheels.

Control Centre

Designed from the driver's point of view.

Drivers need to know what's going on with their vehicle, and they need to know it with a minimum of distraction from the road ahead. To that end, Cavalier's instrument panel was designed with large, easy-to-read analogue gauges. So one quick glance tells you the performance story. And speaking of performance, a sporty tachometer is standard on all Cavalier models. We also designed the controls to be as simple to operate as they are easy to find. Again, no wasted movement or time. The Cavalier instrument panel. It works as good as it looks.

MAIN IMAGE: The Z24 instrument panel.
AT LEFT: A power sunroof is available on VLX and Z24 Coupe models.
Just touch a button and the roof panel glides back to let the sunshine in.

Technology

Cavalier for 2003 gives you a lot to count on.

A quick look beneath Cavalier's sleek new exterior reveals a host of engineering achievements that have a beauty all their own. From long-life fluids that pay off with longer intervals between servicing, to the galvanized steel used in its construction, the new Cavalier is designed to be economical to operate - dependable transportation with an unusually high fun factor.

2. BATTERY RUN-DOWN PROTECTION

Leave an interior light on accidentally? No problem. This system automatically shuts off courtesy lights like the dome, reading or trunk after 30 minutes, to prevent draining the battery.

3. POWER YOU CAN COUNT ON

The Chevrolet engineers designed Cavalier's ECOTEC engine to deliver spirited performance in the low to mid rpm range. So, you've got plenty of power for acceleration and passing without having to push the engine to its rev limits.

4. ENGINE BLOCK HEATER

It's Canada. It gets cold. That's why Cavalier includes a block heater for easier starts and faster warm-ups.

5. ELECTRONIC TRACTION ASSIST

Standard on Cavalier models with the available 4-speed automatic transmission and anti-lock braking system. This Enhanced Traction System monitors wheelspin, then controls it by reducing engine power and controlling the transmission shift points.

1. FILLED-FOR-LIFE FLUIDS

Long-lasting Dexron III automatic transmission fluid is "filled for life". DEX-Cool extends its replacement intervals to 5 years or 240,000 km, whichever comes first.

7. SAFETY CAGE CONSTRUCTION

Cavalier surrounds you and your passengers with a protective reinforced steel safety cage. Rugged steel side-guard door beams add further protection from side impacts.

6. BUILT SOLID

Cavalier's exceedingly stiff body structure plays a major role in reducing vibration that can occur over time. It also allows more precise suspension tuning for a better blend of ride and handling characteristics.

13. BI-FUEL EFFICIENCY**

The bi-fuel V1X Sedan operates on compressed natural gas. However, when the natural gas is depleted, the vehicle will operate on gasoline.

12. WE'RE BIG ON TRUNKS

Open Cavalier Sedan's trunk lid and you're looking down at 385 L (13.6 cu. ft.) of suitcase and soccer gear space. Plus the rear seatbacks fold flat to accommodate bulky cargo.

11. TWO-SIDED GALVANIZED STEEL

Exterior body panels, except the roof, are made from two-sided galvanized steel to help ensure that your Cavalier will stay rust-free for many happy years of ownership.

10. STAINLESS STEEL EXHAUST SYSTEM

Corrosion-resistant stainless steel helps Cavalier's exhaust system last longer than conventional systems.

9. SEMI-INDEPENDENT REAR SUSPENSION

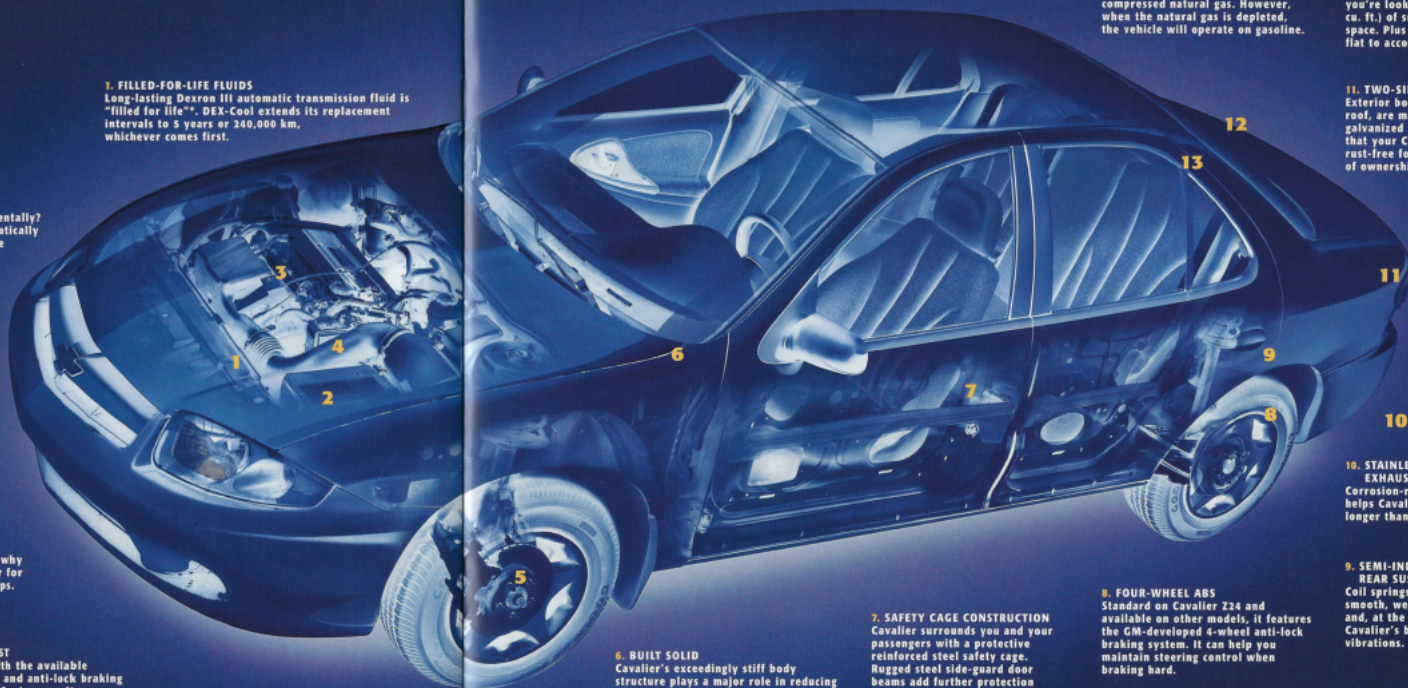

Coil springs help provide a smooth, well-controlled ride and, at the same time, isolate Cavalier's body from road vibrations.

8. FOUR-WHEEL ABS

Standard on Cavalier Z14 and available on other models, it features the GM-developed 4-wheel anti-lock braking system. It can help you maintain steering control when braking hard.

*Maintenance needs vary with different uses and driving conditions. Refer to the Owner's Manual for more information.

**Limited availability. See your dealer for details.

Safety

Safety and security are always in style.

Occupant protection is built into every new Cavalier. Features such as dual frontal air bags are standard.* Plus driver and front-passenger side-impact air bags are available on VLX and Z24 models. Other safety features include Cavalier's rugged body structure that surrounds the passenger compartment with a virtual safety cage and crumple zones that help absorb front and rear impacts. For safe, sure acceleration on slippery roads, an Enhanced Traction System is included when you order your Cavalier with an available automatic transmission and anti-lock braking system. Other standard features include three-point lap/shoulder belts at all five seating positions and the LATCH system (Lower Anchor and top Tethers for Children) in the rear seats. They help prevent child safety seats from moving forward during sudden deceleration. A well built, safe and secure automobile doesn't have to cost a fortune. Chevrolet Cavalier is proof.

*Remember, always wear your safety belt, even with air bags.

A NOTE ABOUT CHILD SAFETY: Children generally are safer if they are secured in a rear seat using the appropriate child safety seats and restraints, which is why General Motors recommends that child safety seats be properly secured in a vehicle's rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. Refer to the Owner's Manual and child safety seat instructions for more safety information.

AT LEFT: Lock and unlock the doors from up to 6 m (20 feet) away with VLX and Z24's remote keyless entry system. Unlock the doors, and the interior lights come on. When you press the Panic button it will activate Cavalier's horn and flash the lights.

You can depend on your Chevrolet to see you through. With OnStar safety and security on board, you'll have a helping hand wherever your journey takes you. A simple touch of the blue OnStar button inside your vehicle connects you with the OnStar CentreSM, where you'll find the friendly voice of one of our Advisors ready to assist you live, 24 hours a day, 365 days a year. Whether it's help in an emergency situation or simple directions to the closest gas station, we're there for you whenever you need us.

Experience the invaluable peace of mind that OnStar provides, and join the ranks of the more than 750,000 subscribers across Canada and the United States who OnStar helps every month, handling more than 200,000 routing calls, 15,000 remote door unlocks, 14,000 roadside dispatches, 500 air bag deployments and 375 stolen vehicle locations.

OnStar is ready to serve you with three plans that offer a range of services to meet your individual needs. The OnStar **Safe & Sound Plan** is available on Cavalier VLX and Z24 models. In addition to the Safe & Sound Plan, OnStar offers additional convenience and concierge-type services through the available Directions & Connections Plan, as well as the Luxury & Leisure Plan. See your dealer for more details about all the terms and plans available for your Chevrolet Cavalier.

The **Safe & Sound Plan** provides: • Emergency Assistance Service • Automatic Notification of Air Bag Deployment • Remote Diagnostics • Accident Assist • Stolen Vehicle Tracking • Remote Door Lock/Unlock • Roadside Assistance • Remote Vehicle Alert: Horn and Lights Activation.

The **Directions & Connections Plan** includes all the Safe & Sound Plan services, PLUS: Route Support/Directions • Information/Convenience Services • Ride Assist.

The **Luxury & Leisure Plan** includes all the Directions & Connections Plan services PLUS: Personal Concierge Services. OnStar. How Can We Help You?

*OnStar services require vehicle electrical system and analogue wireless service to be available and operating for features to function properly. OnStar uses existing emergency service providers as well as wireless and satellite technologies and is subject to their limitations. Call 1-800-ONSTARSM (1-800-667-8277), ask your dealer, or visit www.onstarcanada.com for system information and details.

[†]There will be no charge for Roadside Assistance as long as your vehicle is under warranty.

Colours may not be exactly as illustrated due to restrictions of the printing process. Please see your sales consultant for specific colour and model availability.

Commitment

EVERY CHEVROLET COMES WITH PEACE OF MIND AS A STANDARD FEATURE. We're not only committed to engineering and manufacturing vehicles that are rewarding to drive - we're equally committed to making the ownership experience just as responsive to your specific needs. You'll find that our comprehensive support programs make it easier to purchase or lease a Chevrolet. They also help to protect you and your vehicle down the road. A powerful example of the level of protection you can expect is the GM TOTAL™ Warranty. It is so comprehensive, it covers your vehicle - from the roof right down to the tires. So when you drive off the lot of your Chevrolet dealership, you can do so with total confidence. Peace of mind is knowing that your vehicle is built for the long haul, and is backed by a comprehensive warranty:

THE GM TOTAL™ WARRANTY:

The GM TOTAL™ Warranty is your promise of total warranty protection. It covers every new Chevrolet Cavalier for 3 years or 60,000 km.* Complete vehicle repairs are covered,¹ including parts and labour, with no deductible. The warranty also includes:

- 3-year/60,000 km* complete vehicle repair coverage
- 6-year/160,000 km* corrosion perforation coverage
- 8-year/130,000 km* coverage on catalytic converters and powertrain control modules (PCMs)

*Whichever comes first.

¹To correct any defects in material or workmanship occurring during the warranty period. Regular maintenance is not included, nor is excessive wear and tear caused by reckless or negligent driving.

EXTENDED POWERTRAIN WARRANTY:

Every Cavalier is also covered by a special Powertrain Component Warranty for 5 years or 100,000 km.* So you can count on your Cavalier for much more than its versatility and engineering - today and down the road.

*Whichever comes first.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:

- **Roadside Assistance** - 24/7 service via toll-free number during your warranty period, anywhere in Canada or the United States
- **Courtesy Transportation** - may be offered during warranty period
- **GM Protection Plan (GMPP)** - the only extended service contract backed by the resources and commitment of General Motors, GMPP may be purchased at the time of your sale or lease, or subsequently
- **GM Mobility Program** - you may be eligible for reimbursement of up to \$1000 (taxes included) for adaptive equipment for your GM vehicle
- **GM Accessories** - personalize your vehicle with GM Accessories, specifically engineered for your GM vehicle
- **GM Goodwrench Service** - with GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better

TO HELP YOU PURCHASE OR LEASE A CHEVROLET:

- **GMAC financing** - on-the-spot financing at your GM dealership
- **GMAC SMARTLEASE** - a smart alternative to traditional financing
- **GM Graduate Program** - recent graduates may qualify for up to \$1000 (taxes included) off any new GM vehicle*
- **The GM Card** - accumulate up to \$3500 in GM Card* Earnings toward your next eligible new GM vehicle

*Excluding Saturn, Saab and Isuzu.

INFORMATION RESOURCES:

You can find more information about these programs from your GM dealer, or at these information centres:

- The GM Web site at gmcanada.com
- The GM Customer Communication Marketing Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users) - for information about any GM product or service, including The GM Card and the GM Mobility Program
- For information about GMAC visit the GM Web site or call 1-800-616-4622

No two drivers are exactly alike. That's why we build six different Chevrolets in a wide range of models.
