

2004 LS

LINCOLN

Above and on cover: Lincoln LS V-8 Ultimate in Black.

WIND UP TO 60 IN MERE SECONDS.
WIND DOWN EVEN FASTER.

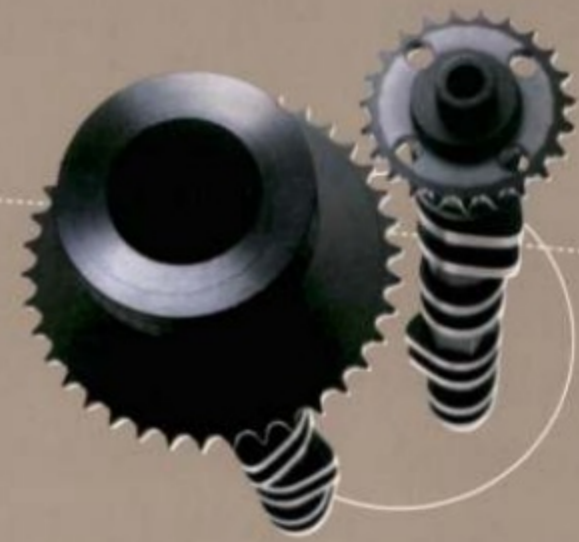

WHAT MAKES A LINCOLN? Performance that inspires. Comfort that embraces. Power that responds. Immediately. In Lincoln LS V-8, a complete stop becomes highway speed in short order. You're transported to the height of power and the seat of serenity - *at the same time*. Finally, the thrill of performance meets the pleasure of luxury. Introducing the 2004 Lincoln LS.

SOON, YOU'LL HAVE
YOUR FAVORITE LS CURVES.

THE POLE POSITION IS YOURS. Shifter confidently at hand. Asphalt disappearing underfoot. And the sweet smell of leather in the air. To drive Lincoln LS not only sharpens the senses, it soothes them. With its Formula One-inspired suspension and Lincoln presence, the LS is quickly establishing a class of its own. "...a more entertaining track machine than BMW's vaunted 5 Series and the Cadillac CTS," says the *Detroit Free Press*. Behind the wheel of Lincoln LS, one thing becomes clear. The time to Travel Well is now.

Lincoln LS V-8 Sport in Vivid Red Metallic with available LSE Package.

A D R I V E N

P E R F O R M E R . 280-HP V-8. 232-HP V-6.

EFFORTLESS POWER To add every ounce of pleasure to the act of driving, Lincoln engineers have extracted every measure of power from its 2 available engines. 280 hp and 286 lb.-ft. of torque flow freely from the 3.9L 32-valve V-8, while the 3.0L 24-valve V-6 lays down 232 hp and 220 lb.-ft. of torque. With a flat torque curve that kicks in at low rpm, acceleration with either engine is effortless and immediate. To shave weight, both engine blocks are crafted with the patented Cosworth-casting process, which yields a lightweight, durable and highly efficient powerplant. In addition, aluminum construction helps both stay extra lean.

BREATHE DEEP, RUN FAST Variable-cam timing on both LS engines allows better breathing for explosive power, while drive-by-wire electronic throttle control provides immediate throttle response and seamless integration with other drive systems.

INTELLIGENT TRACTION Monitoring everything from speed to road conditions to driver steering input, the AdvanceTrac® Electronic Stability Enhancement System offers highly precise traction technology. It's standard on LS V-8 Ultimate and optional on all other models.

SELECTSHIFT GO Pairing the control of a manual transmission with the convenience of an automatic, the standard 5-speed SelectShift Automatic™ transmission on LS V-8 Sport and Ultimate enhances your driving experience. If a curvy stretch of blacktop is approaching, drivers can manually command gear changes for exhilarating performance. On long straightaways, shift back to automatic operation. "When we were able to find a suitable stretch and use the SelectShift, it was as much fun as we've ever had in a 4-door sedan," says *Edmunds.com*.

Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. When AdvanceTrac engages, it is an indication that at least some of the tires have exceeded their ability to grip the road.

DESIGNED TO ENTICE. CRAFTED TO PERFORM.

EMBRACE THE CORNERS With its 4-wheel independent suspension (sport-tuned on LS V-8) and rear-wheel drive configuration, LS possesses significant road-holding prowess. A ZF Servotronic steering system provides "steering precision of the highest order, with almost perfect linear response and outstandingly smooth transitions," says *TheCarConnection.com*.

Lincoln LS V-6 Appearance Package in Black.

BALANCED TO PERFORM Near 50/50 front-to-rear weight distribution is responsible for Lincoln LS's exceptional handling on the open road. Should you need to brake suddenly at high speed, anti-lift geometry in the rear inspires confidence by actually pulling the vehicle down toward the road.

STRAIGHT AND TRUE The Anti-lock Brake System (ABS) uses computer-controlled sensors to help prevent wheel lockup during hard braking by electronically "pumping" the brakes several times per second. ABS provides greater steering control under most driving conditions.

TAKE CONTROL All-Speed Traction Control helps improve traction on loose or slippery surfaces by using a combination of brake and engine control to reduce wheel spin. The system senses any loss of traction and automatically steps in to help you maintain steering control.

Lincoln LS V-8 Ultimate leather-trimmed seating in Medium Light Stone with available Lincoln Soundmark™ THX®-Certified Car Audio/Navigation System.

PERFORMANCE, MEET LUXURY.

THE FINEST THINGS At Lincoln, we know that driving is serious business. Precisely why we've made you and your guests as comfortable as possible for the ride in LS. We utilize the finest materials from around the world to create a sanctuary of rich craftsmanship and exceptional comfort. Satin-nickel accents adorn the instrument control panel and door handles. Fine, white LED interior lighting illuminates the cabin. On V-6 Premium and V-8 Ultimate, premium leather and rich American walnut burl wood trim grace the Lincoln LS steering wheel, shift knob, instrument panel and door-trim panels. It's an ambience rich in elegance and thrill – especially for the one behind the wheel.

DRESSED FOR SUCCESS.

BEHIND THE WHEEL Three distinct LS interior treatments are available to suit your particular style and desire for luxury. Each steering wheel is leather wrapped and features a power tilt function and a power-telescoping column.

(Top) Black-lacquer trim accentuates the dash for a more monochromatic look. The leather-wrapped steering wheel and shift knob add to the performance feel. Standard on V-6 Luxury.

(Bottom) Aluminum interior accents on the door-trim and instrument panels join the leather-wrapped steering wheel and shift knob for a racy expression of LS performance. Standard on V-8 Sport.

(Right) American walnut burl wood trim on the dash, steering wheel and shift knob enhance the luxury. Standard on V-6 Premium and V-8 Ultimate.

MASTER YOUR ENVIRONMENT.

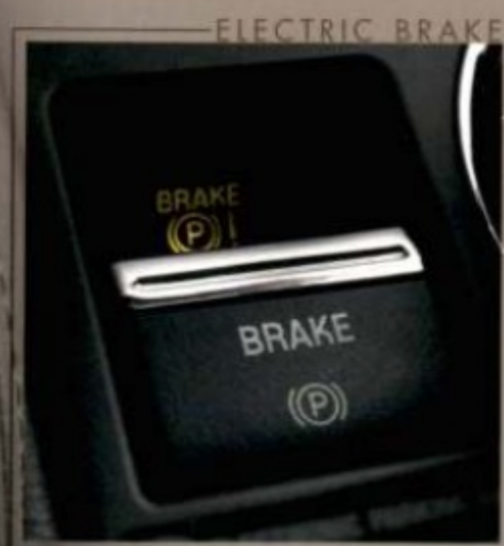

CONTROL Having it means having power. And Lincoln LS puts it all at your fingertips. With the mere push of a button, you command the comfort variables that create a privileged world of personalized satisfaction.

ULTIMATE COMFORT Heated and cooled driver and front-passenger seats take driving comfort into a whole new dimension. Adjust your preferences with 6 total settings conveniently located on the instrument control panel. Standard on V-8 Ultimate, available on V-6 Premium and V-8 Sport. To indulge rear-seat passengers, heated rear seats are available on V-6 Premium, V-8 Sport and V-8 Ultimate when heated/cooled front seats are selected.

YOUR OWN ZONE Dual-zone Electronic Automatic Temperature Control lets the driver and front passenger select individual temperatures. The system automatically maintains the desired settings for each side of the front cabin.

ELECTRIC ASSIST Simply pulling a small lever will activate or release the LS parking brake with minimal effort. When Drive is selected, it automatically disengages.

EASY TO REACH Every Lincoln LS comes with power-adjustable brake and accelerator pedals. With 3" of travel, it's easy to move the pedals where you like them. A convenient memory feature is standard on V-6 Premium, V-8 Sport and V-8 Ultimate.

FINGERTIP TECHNOLOGY.

THE BEST OF BOTH WORLDS It doesn't get any better: a Lincoln Soundmark™ THX®-Certified Car Audio System packaged with an easy-to-use Navigation System. THX Certification ensures the finest quality sound. 12 speakers, a 90-watt subwoofer, 180 watts of power and a 6-disc in-dash CD player provide it. Just hit the Audio button, load your CDs and listen for hours. When you need directions, the Navigation System understands 174 commands and provides turn-by-turn voice guidance. It combines DVD mapping with Global Positioning System (GPS) satellite technology. A 6.5" color LCD screen presents high-quality graphics, while touch-screen simplicity and Map, Destination and Menu buttons make it a snap to use. This inspiring system is available on V-6 Premium and V-8 models.

AUDIO PERFORMANCE The only thrill that comes close to driving an LS is hearing its acoustical precision. V-6 Luxury features a 4-speaker Premium Sound System with an AM/FM stereo/single CD/cassette player. A Lincoln Soundmark Audiophile AM/FM stereo with 180 watts of power, 12 speakers and a 6-disc in-dash CD player is standard on V-6 Premium and V-8 models, available on LS V-6 Appearance Package. The Sirius Satellite Radio service, which adds over 100 channels of coast-to-coast music, news and entertainment, can be added to the Soundmark THX-Certified or Audiophile systems. See your Lincoln Mercury Dealer for activation details.

NOTHING SHORT OF A THRILL RIDE.

SIDE-IMPACT AIRBAGS

ARMED TO DEFEND Standard side-impact airbags join driver and front-passenger dual-stage airbags to offer a critical line of defense in an accident. With sensors on each side of the vehicle governing their deployment, side-impact airbags are concealed in the front-seat side bolsters. For even more protection, side-curtain airbags are available on all models as part of the Safety and Parking Package and deploy from the headliner in certain side-impact collisions.

SECURITY APPROACH LAMPS

WARM GREETING Heated power-adjustable exterior mirrors include memory settings for 2 different drivers. Security approach lamps underneath illuminate the ground when you press a remote key fob button or lift a door handle. V-6 Premium and V-8 models add an electrochromic (auto-dimming) feature on the driver's side to dim the glare from lights behind your vehicle.

INTUITIVE ASSISTANCE Brake Assist senses a sudden stop and automatically applies the maximum pedal pressure to help you stop more quickly.

REAR PARK ASSIST

LOOKING OUT BEHIND Rear Park Assist alerts you with a beeping tone if an object comes within 15 feet of the rear bumper when in Reverse. Available on all models as part of the Safety and Parking Package.

INTELLIGENT PROTECTION The Personal Safety System™ controls airbag energy deployment levels and safety belt tension in an accident – providing optimum protection for the driver and front passenger.

TRAVEL WELL. LINCOLN LS FOR 2004.

Lincoln LS V-6 Luxury in Silver Birch Metallic.

C O N F I D E N C E W I T H I N . T H E L I N C O L N C O M M I T M E N T .

PRECISION CRAFTED AND TESTED As you would expect from a world-class performance sedan, the 2004 Lincoln LS is designed, engineered and meticulously built to the highest standards. From the aggressive note of its dual exhaust to the one-piece side panels that provide for the precise fit of its triple-sealed doors, Lincoln LS exhibits quality that is the product of thorough and rigorous testing.

First, the design of the LS faced laboratories and proving grounds that compressed 10 years of driving into a few months' time. Next, it logged over a million miles in the hands of experienced drivers and technicians. This process fine-tuned the ultimate design to deliver rock-solid durability, as well as the essential LS driving experience.

TECHNOLOGICALLY EMPOWERING Advanced engineering goes into every Lincoln to serve the goals of comfort, convenience and safety, as well as dependability and durability. An Electronic Powertrain Controller and On-Board Diagnostics (OBD II) System monitor and store performance data for the life of your vehicle. Because of this, Lincoln certified technicians can pinpoint the cause of a technical problem almost instantly. LS's 5-speed electronic automatic transmission employs an adaptive learning strategy that actually recognizes your driving style and adjusts internal pressures to provide consistent shift feel. In Lincoln LS, performance and luxury are balanced to perfection.

AT YOUR SERVICE A luxury vehicle deserves an equally superior level of support and service. We have you covered on all counts. Complimentary maintenance makes driving your Lincoln even more of a pleasure. Simply bring your LS to an authorized Lincoln service center, and scheduled maintenance will be performed at no charge throughout your first year of ownership or 12,000 miles, whichever comes first.

A 4-year/50,000-mile bumper-to-bumper New Vehicle Limited Warranty covers repair, replacement or adjustment of parts at no additional cost. And Roadside Assistance for the same time period provides additional peace of mind. Your Lincoln Mercury Dealer will provide complete details on all of the privileges that come with owning a Lincoln.

STANDARD LINCOLN LS EQUIPMENT

V-6 LUXURY

PERFORMANCE

- All-Speed Traction Control**
- Brakes** - power, vented 4-wheel disc anti-lock with Brake Assist
- Cooling System** - fail-safe
- Drivetrain** - rear-wheel drive
- Engine** - 3.0L DOHC 24-valve V-6 with variable-cam timing and electronic throttle control
- Exhaust System** - dual with chrome tips
- Fuel Injection** - sequential multi-port
- Shock Absorbers** - twin-tube, nitrogen gas-pressurized
- Steering** - power, speed-sensitive, variable-assist rack-and-pinion
- Suspension** - front: independent aluminum Short- and Long-Arm (SLA) with coil spring-over-shock, tubular stabilizer bar and anti-dive geometry; rear: independent aluminum SLA with coil spring-over-shock, stabilizer bar and anti-lift geometry
- Transmission** - 5-speed electronic automatic with overdrive

INTERIOR

- Air Filtration** - passenger compartment particulate
- Armrest** - full-length door, rear-seat center fold-down with 2 cupholders
- Ashtray** - instrument control panel, illuminated with lighter
- Assist Handles** - with integrated coat hooks
- Audio** - premium Dual-Media AM/FM stereo/cassette/CD player with 80 watts and 4 speakers
- Climate Control** - Dual-zone Electronic Automatic Temperature Control
- Cupholders** - 2 front and 2 rear
- Floor Console** - driver and front-passenger sliding armrest with storage bin and power point
- Fuel Filler Door Release** - remote
- Glove Box** - lockable and illuminated
- Interior Accents** - black-lacquer, with leather-wrapped steering wheel and shift knob
- Instrument Control Panel** - satin-nickel-finish
- Rear-Seat Climate Control Ducts**
- Rearview Mirror** - manual day/night
- Scuff Plates** - front, with "Lincoln" embossed on aluminum inserts
- Trunk Lid Release** - remote

INTERIOR (continued)

- Seats** - leather-trimmed, power 8-way driver and 6-way front-passenger with manual lumbar; 60/40 split-fold rear
 - Visors** - with dual illuminated mirrors
- #### EXTERIOR
- Antenna** - concealed
 - Bumpers** - color-keyed with chrome inserts
 - Door Handles** - color-keyed
 - Fog Lamps**
 - Glass** - solar-tinted
 - Grille** - chrome surround with platinum verticals
 - Mirrors** - dual power, heated with security approach lamps
 - Rear Window Defroster**
 - Wheels** - 16" 7-spoke painted aluminum
 - Windshield Wipers** - speed-sensitive, variable-intermittent with heated park

SAFETY/SECURITY

- Airbags**¹ - dual-stage front, side-impact with head/chest protection for driver and front-passenger
- Alarm** - perimeter system
- Autolamps** - automatic on/off headlamps with delay
- Battery Saver System**
- Brake Shift Interlock**
- Keyless Entry Keypad** - driver's door-mounted
- LATCH** - rear-seat lower anchors and tether anchors for child safety seats
- Locks** - child safety rear-door
- Personal Safety System**[™] - including front crash severity sensor, sensors to detect front safety belt usage and driver's-seat position, front safety belt pretensioners and energy-management retractors
- Remote Keyless Entry** - with illuminated entry, theater dimming and security approach lamps
- Safety Belts** - color-keyed lap and shoulder belts for all seating positions with front-seat height-adjustable shoulder belts
- SecuriLock**[®] - passive anti-theft system
- SmartLock**[™] - anti-lockout system

INSTRUMENTATION/DRIVER CONTROL

- Accessory Timed Delays**
- Instrument Cluster** - analog
- Parking Brake** - electric assist, automatic release
- Power-Adjustable Pedals**
- Power Door Locks** - with SmartLock
- Power Windows** - Global open/close on all, driver and front-passenger one-touch-up/down feature may be opened with key or key fob, and closed with key
- Speed Control** - electronic, steering wheel-mounted
- Steering Wheel** - power tilt/telescopic, leather-wrapped with audio and speed controls

V-6 APPEARANCE PACKAGE

In addition to or in place of equipment on V-6 Luxury:

- Audio** - Lincoln Soundmark[™] Audiophile AM/FM stereo with 6-disc in-dash CD player, 180 watts and 12 speakers including a 90-watt subwoofer, Sirius Satellite Radio capable
- Bumpers** - color-keyed with monochromatic inserts
- Grille** - color-keyed with chrome vertical bars
- License Plate Surround** - color-keyed
- Wheels** - 16" 7-spoke polished aluminum

V-6 PREMIUM

In addition to or in place of equipment on V-6 Luxury:

- Audio** - Lincoln Soundmark Audiophile AM/FM stereo with 6-disc in-dash CD player, 180 watts and 12 speakers including a 90-watt subwoofer, Sirius Satellite Radio capable
- HomeLink[®] Universal Transceiver**² - universal remote for up to 3 items
- Interior Accents** - American walnut burl wood trim on leather-wrapped steering wheel and shift knob
- Mirrors** - dual power, heated, folding with security approach lamps, electrochromic (auto-dimming) driver's-side and memory settings for 2 different drivers
- Power-Adjustable Pedals** - with memory
- Power Lumbar** - driver and front-passenger seat
- Rearview Mirror** - electrochromic (auto-dimming) with compass
- Wheels** - 16" 11-spoke painted aluminum

If you're as passionate about Lincoln LS as we are, you need to visit www.llsoc.com and register. It's your complete source for the latest LS news, specs, classifieds, events and owner photos. There's also a list of members in your area, so you can connect with those who appreciate LS performance as much as you do. So visit online, or call the National Office Monday-Friday, 9 a.m.-5 p.m. Pacific Time at 909.244.6347.

Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Lincoln Mercury Dealer for details or check us out at www.fordcredit.com

To ensure we're offering our customers the best service possible, we proudly offer the Lincoln Personal Consultant. Just visit our Web site at Lincoln.com/pc and one of our manufacturer's representatives will help with anything from price quotes to product features to arranging a test drive at your local Lincoln Mercury Dealer - at no cost or obligation.

V-8 SPORT

In addition to or in place of equipment on V-6 Premium:

- Bumpers** - color-keyed front and rear with color-keyed inserts
- Engine** - 3.9L DOHC 32-valve V-8 with variable-cam timing and electronic throttle control
- Exterior Mirrors** - dual power, heated, fixed with security approach lamps, electrochromic (auto-dimming) driver's-side and memory settings for 2 different drivers
- Interior Accents** - aluminum, including leather-wrapped steering wheel and shift knob
- Message Center** - electronic
- Suspension** - sport-tuned
- Transmission** - 5-speed SelectShift Automatic[™] with manual gear-selection mode
- Wheels** - 17" 7-spoke machined-aluminum

V-8 ULTIMATE

In addition to or in place of equipment on V-8 Sport:

- AdvanceTrac[®]** - Electronic Stability Enhancement System
- Exterior Mirrors** - dual power, heated, folding with security approach lamps, electrochromic (auto-dimming) driver's-side and memory settings for 2 different drivers
- Head Restraints** - rear-seat, adjustable
- Heated and Cooled Seats** - perforated leather-trimmed driver and front-passenger
- Interior Accents** - American walnut burl wood trim on leather-wrapped steering wheel and shift knob
- Power Moonroof**
- Wheels** - 17" 8-spoke chrome aluminum

Ford Extended Service Plan For a purchase or lease, the Ford Extended Service Plan gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your Lincoln Mercury Dealer for an ESP backed by Ford Motor Company and honored at all Ford and Lincoln Mercury dealerships.

Following the publication of this brochure, certain changes in standard equipment, options, prices and the like, or product delays may have occurred which would not be included in these pages. Your Lincoln Mercury Dealer is your best source for up-to-date information. Lincoln Mercury reserves the right to change product specifications at any time without incurring obligations. Options shown or described in this brochure are available at extra cost and may be offered only in combination with other options or subject to additional ordering requirements or limitations.

DEALER ACCESSORIES

LSE REAR SPOILER

MOBILE-EASE

REMOTE START

MOLDED SPLASH GUARDS

LSE REAR SPOILER Made from tough ABS plastic and manufactured to original equipment specifications, this spoiler enhances the performance look of Lincoln LS. The spoiler includes an additional brake light.

MOBILE-EASE HANDS-FREE COMMUNICATION SYSTEM Integrated into the audio system, Mobile-Ease features Bluetooth[®] technology that recognizes your Bluetooth-equipped cell phone. As long as your phone is in the vehicle, the system allows you to place and receive hands-free calls through the audio system.

REMOTE START This powerful key fob allows you to start Lincoln LS from up to 500 feet away, ensure that it's locked and that its remote security system is armed. Choose from 3 available systems.

MOLDED SPLASH GUARDS Made from heavy-duty plastic that resists cracking, these custom LS splash guards deflect mud, ice and snow away from lower body panels. Packaged in pairs for front or rear.

See your dealer for these and other great Lincoln Mercury Dealer-installed accessories or visit lincolnaccessories.com.

¹ Always wear your safety belt and secure children in the rear seat.
